• Mary Hale announced that MHB member Gregory Wright passed away last month. The Steering Committee had a moment of silence in his memory.  

Item III. MHSA Financial Update  
• Mike Geiss presented information about county and state MHSA fiscal matters.  
• It is projected that OC will receive about $114 million in MHSA funding during FY 13/14. Mike expects that MHSA revenues will increase somewhat in FY 14/15 then decrease in FY 15/16.  
• MHSA funding is volatile. It may decrease in future years. When developing a Plan, it is important to use a conservative estimate to ensure that any programs implemented are sustainable.  
• Besides MHSA funding, other sources of revenue for mental health services include 1991 Realignment, FY 12/13 Realignment, and Medi-Cal.  
• Implementation in 2014 of major provisions in the Affordable Care Act will result in changes in the way mental health services are funded, and there will be a larger number of individuals who will have access to mental health services.
