Where can I get a free car seat? Many organizations provide car seats to families who need a little extra help. Contact the organization to see if you qualify. Supplies are limited. The types of car seats that each organization offers is also shown in this guide.

Where can I have my car seat checked? Are you wondering if your car seat is installed in your car correctly? Is your child fitting correctly in his/her seat? Many organizations have trained experts called *Child Passenger Safety (CPS) Technicians*, who can help. You will feel confident installing your seat yourself and making sure your child fits correctly in that seat. Call to make an appointment today!

Who can I go to with questions? *CPS Technicians* have been trained and nationally certified on the topic of car seat safety. They can spot problems and know specific details about seats and cars on the market. They can also ensure that a child is in the correct seat for their age, height, and weight. Contact a *CPS Technician* with questions you might have about car seat safety.

Where can I take a class? Learn about car seat safety in a group setting. Classes are offered throughout the county. Contact the organization for times and locations.

What is Katlyn's Law? Did you know that it is illegal to leave an unsupervised child, age six or younger, inside a car if: the engine is running, the keys are in the ignition, or the child's health or safety is at risk? A person who is 12 or older may supervise. Many organizations provide information about this important safety risk.

Where can I find a Violator Class? Did you receive a traffic ticket related to car seats or leaving a child alone in a car? Did a judge direct you to take a car seat safety class? There are organizations in this guide that teach these classes. Your fine may be waived or reduced. Plus, you will learn valuable information about keeping your child safe in the car.
