Orange County Health Care Agency

WELCOME
to the Medical Services
Initiative (MSI) Program!

The MSI program is specifically designed for Orange County's adult residents with lower incomes. It provides a comprehensive array of healthcare services which can include medical, mental health, prescription drug and limited dental coverage. All persons accepted for the MSI program receive care based on their individual need within the range of specific services available in the program.

We invite you to learn more about the program by visiting our website at www.ochealthinfo.com/medical/msi, where you can review information about applying for the program, types of services available and the extensive network of healthcare providers that provide care for MSI patients. You can also download a copy of the patient handbook from the website. If you do not have computer access and require general information, you can also contact the MSI program at (714) 834-6248.

If you've already applied for MSI, you may receive your eligibility determination within six weeks. Application processing times can vary. Depending on the number received, your application may take longer.

Medical Services Initiative

WELCOME to the Medical Services Initiative (MSI) Program!

WHERE CAN I GO FOR TREATMENT?

Should you have a life-threatening emergency, go to the nearest hospital Emergency Room. However, use of an emergency room should be restricted ONLY to true emergencies. As an MSI member, your first call should always be to your “medical home” (primary care physician or community clinic). If your medical home is not available (after business hours or weekends), MSI members can use a MinuteClinic or one of the MSI Urgent Care Centers listed in this brochure.
