

# Orange County Breast Outreach Program

A Project of the Orange County Breast Cancer Coalition

## OCBOP Centralized Service

Serving Everyone Using a Single Point of Entry Approach

- Increases your access to breast health services and information.
- Makes your health care experience easier.

For more information or to get help finding support services in Orange County, contact our patient navigator at:

# 1-888-856-0444

or email [ocbop@yahoo.com](mailto:ocbop@yahoo.com)

### Our Vision

That no one go unscreened or untreated for breast cancer in Orange County.

### Our Mission

To facilitate access to breast cancer care and support in Orange County by providing navigation to available services and expanding resources for those who do not qualify for existing programs.

### Patient Navigators

- Help you find other resources to meet your medical and non-medical needs.
- Guide you through the complex health care system.
- Help find financial aid to help breast health patients without insurance.

### Our patient navigation program will help you find a number of services including:

- Mammography
- Clinical Breast Exam
- Breast Ultrasound
- Biopsy
- Breast surgery
- Assistance with medical insurance plan qualifications
- Financial assistance for non-medical needs
- Support groups
- Counseling
- Navigation to additional resources in your area
