## VACCINE FACTS & TIPS

**FACT:** According to the World Health Organization, the weekly number of COVID-19 cases worldwide is now higher than it has been at any time during the pandemic. However, populations that have achieved high vaccination coverage, often in older age groups, have seen reduced transmission in those age groups. [Learn more.](#)

**FACT:** According to the OC Health Care Agency, anyone wishing to receive a COVID-19 vaccine must meet the minimum age requirement and show proof of age at the time of appointment. Those under age 18 must have a parent or legal guardian present with them to receive the vaccine. [Learn more.](#)

**FACT:** According to the Centers for Disease Control and Prevention, fully vaccinated people can start doing many things they had stopped doing because of the pandemic. When choosing safer activities, consider how COVID-19 is spreading in your community, the number of people participating in the activity, and the location of the activity. [Learn more.](#)
