SECTION I. PURPOSE & INTRODUCTION

The purpose of the Management, Operations and Public Safety Plan (“Plan”) is to advise OC Community Resources on a best practice model for operation of a Year Round Emergency Shelter Program and Multi-Service Center. The Plan may also be used to promote open communication with community stakeholders.

The Plan identifies emergency shelter services for homeless persons and best practices to maintain a safe and healthy environment for its clients and the community at large. The overall purpose of the program is to connect homeless persons to permanent housing opportunities and resources to maintain housing stability and self-sufficiency.

SECTION I. SHELTER ADMINISTRATION

A. Program Description

1. Population Served

Year Round Emergency Shelter Program and Services

The Year Round Emergency Shelter Program provides up to 200 homeless individuals with shelter while providing access to a range of programs and supportive services at an on-site Multi-Service Center. To ensure that the shelter will meet the needs of the community in serving chronic and vulnerable homeless people, clients will be admitted with minimal, “low-threshold” requirements so that chronic and vulnerable homeless people can easily enter and remain in shelter until they can find permanent housing.

Those accessing the Year Round Emergency Shelter Program will include homeless single men and single women.

Each client will be screened for sex offender and active felony warrant status before admission (screening will take place prior to the arrival at the facility as part of the bed reservation system), as detailed in the “Admission Criteria and Procedures.”

Multi-Service Center

All clients of the Year Round Emergency Shelter Program will have access to and will be encouraged to participate in services provided through the Multi-Service Center.

During Phase I, access to the Multi-Service Center will be limited to clients and/or graduates (individuals who stayed at shelter, remained in compliance and graduated to other shelter/housing). If after time, in Phase II, the Shelter Operator, the County, host City and operator partners may consider the Multi-Service Center a public benefit for the broader homeless community and/or the surrounding neighborhood community, they may open participation and access to a larger population. Phase II will only be approved with host City and County concurrence.

To manage the impact on the surrounding community, should access to the Multi-Service Center be opened to a wider population than just the 200 individuals and families who live in the shelter, the following policies are recommended:

1. Services should be accessed by appointment only; no walk-ins will be accepted;
2. On-site partner agencies must be responsible for coordination of service appointments;
3. On-site partner agencies must be responsible for providing transportation options to and from the shelter for scheduled appointments.

2. Program Description

The Year Round Emergency Shelter Program is designed to provide safe shelter, basic needs, and access to support to move individuals and out of homelessness and into permanent housing opportunities . The following are the operational guidelines for the Year Round Emergency Shelter Program unless otherwise waived by the County.

Access to safe shelter

The Year Round Emergency Shelter Program will accommodate overnight sleeping for 200 individuals per evening. Access to the Year Round Emergency Shelter Program is provided 24 hours a day, seven days/week, 365 days a year. In order to decrease the impact to the surrounding neighborhood, access to bed availability will be handled through a reservation system. No walk-ins for the Year Round Emergency Shelter Program or services will be permitted.

The Shelter Operator will provide on-site staff to track daily bed inventory and communicate daily bed vacancies with service providers .Additionally, a percentage (5%-10%) of beds will be held each night, with a portion specifically for host city, to prioritize referrals from local police and/or for emergency or special situations.

Length of Stay

There is no set minimum and the maximum length of stay will be consistent with County ordinance of 180 consecutive days unless otherwise waived by the County. Each client will have an Employment and Housing Navigator supporting their progress toward Housing Stabilization. The program is designed to provide this support until a housing option becomes available. However, at any time a client may be exited from the shelter for safety or continual shelter violations as outlined in the "Exit and

Readmission Policies”. Additionally, if a client exceeds 30 days intensified housing location and exit plan strategies will be implemented.

Consistent with national best practices and trends, the goal for length of stay should be 30 days or less. The Operator will maintain a report to account for clients with lengths of stay exceeding 30 days and reasons why with accountability to Advisory Boards.

Sleeping Areas

Beds will consist of single and/or bunk beds. Each client will be assigned a bed and bedding for the length of their stay. Additional cots or mats may be available on site to accommodate overflow issues, special needs populations, or recuperative care

Space will be divided to allow for separate sleeping areas for both men and women.

Flexible sleeping space will also be provided for transgendered populations, those dealing with illness or in recuperative care, or for other special needs populations.

Meals

Breakfast, lunch, dinner and snacks will be provided for all clients in a central dining area. Meals can be prepared on-site utilizing a built-in kitchen or purchased and delivered to the site. These meals will be served to clients of the shelter by both paid staff and volunteers. The operator will work with the community to attempt to secure donated breakfast, lunch, and snack items.

Hygiene Facilities

Hygiene facilities will be provided on-site including toilets, showers and laundry facilities. Clients will be encouraged to utilize these facilities as daily resources to them. Toiletries will be provided by the Shelter Operator to clients as needed.

Transportation

No walk-ups will receive shelter or Multi-Service Center access. New clients and returning clients will receive direct transportation to and from the shelter daily. Dates and times for daily pick-

ups are outlined in the “Transportation Policies. “ It is recommended that there be a minimum of three (3) designated locations that provide ample geographic range for those seeking shelter services in Orange County as well as take into consideration community impact and safety considerations. Locations will be selected by the host city/police department and/or in collaboration with neighboring police departments. Operator will not drop-off/pick-up other than at agreed upon locations.

Security

The Shelter Operator will follow policies and procedures that promote utmost safety for clients, staff, volunteers, and the community and will strive to provide an atmosphere that promotes community, stays alert for signs of conflict, and confronts behaviors before they escalate. The security plan will include a multi-faceted approach involving screening for sex offenders and felons with open warrants, secured entrances, security searches upon entrance, confiscation of harmful contraband, trained security personnel providing around-the-clock indoor and outdoor coverage, and lighting. Other program elements that will support security efforts include no walk ups and no loitering policies.

Storage

All clients will have access to personal storage space. Each client bed will have a small storage locker or bin for personal valuables. A limited number of outdoor storage bins will be available to clients through a reservation process. Additionally, a refrigerated storage area will be available to clients with medication needs.

Employment and Housing Navigation Services

Upon entering the shelter, each client will be assigned to an Employment and Housing Navigator. The primary function of the Employment and Housing Navigator is to work side-by-side with the client to create a pathway toward permanent housing opportunities, with the ultimate goal of ending their homelessness within a 30-day timeframe. Additionally, the Employment and Housing Navigator is to provide resources and support to the client during their stay, including encouragement to access any and all services provided at the Multi-Service Center. The Employment and Housing Navigator will ensure that all clients are entered into the Coordinated Entry System, as the first line of housing engagement.

Together the Employment and Housing Navigator and the client will complete a Housing Plan which will guide their efforts toward securing permanent housing opportunities. Meeting weekly, the Employment and Housing Navigator will document the client's progress towards actions outlined in the Housing Plan.

Daytime Program Activities

As a 24-hour Year Round Emergency Shelter Program, the Shelter Operator will encourage all clients to stay on-site during the day and to take advantage of the on-site services provided to them during the daytime. Daytime program activities include but are not limited to, the following:

- Access to day-time service providers
- Life skills classes and workshops;
- Indoor and outdoor recreational activities;
- Access to onsite computer lab and study area.

3. Services Provided

4. Coordinated Entry System Integration

The Year Round Emergency Shelter Program will serve as a designated “Entry Point” of the Coordinated Entry System. The Shelter Operator will include in its staffing plan designated staff to conduct Diversion screening and prevent those with other resources from entering the homeless shelter system. Additional staff will be trained to complete on-site VI-SPDAT assessments. Employment and Housing Navigators will also assist Year Round Emergency Shelter Program clients obtain the necessary documentation to move forward in their housing connection process, once matched to permanent housing opportunities by the Coordinated Entry Module.

5. Target Goals/Expected Outcomes

The target goals and expected outcomes for the Year Round Emergency Shelter Program will adhere to guidelines and expectations set forth by the U.S. Department of Housing and Urban Development's HEARTH Act as well as the Orange County Ten Year Plan to End Homelessness.

The Year Round Emergency Shelter Program and Multi-Service Center should not be regarded as a singular program(s) but should provide support to the entire Orange County Continuum of Care (CoC) helping to move the system towards higher a level of system performance, a reduction in the number of persons who experience homelessness in our community and an increase in access to housing opportunities for chronically homeless individuals utilizing Year Round Emergency Shelter Program services.

Indicators for measuring effective system performance should include the following key considerations:

a.Reduction in First Time Homeless -

Are fewer people experiencing homelessness for the first-time? Are only persons who have no safe, appropriate housing option being admitted to shelter?

b.Overall Reduction in Number of Persons Who Experience Homelessness -

Are overall rates of homelessness declining? Is street homelessness declining? Is chronic homelessness declining?

c. Reduction in the Length of Time Homeless -

Do people stay homeless for shorter periods of time? A reasonably short length of time homeless indicates system and program success in rapidly re-housing persons who are homeless. It can also indicate efficiency related to turnover of beds which is essential to meet system demand for Year Round Emergency Shelter Program.

d.Successful Resolution of Housing/Homeless Crisis –

Do people resolve their housing/homeless crisis successfully by maintaining/obtaining permanent housing? Are people successfully connected to community-based supports?

e.Reduction in Recidivism (subsequent return to homelessness) -

Are repeat occurrences of homelessness avoided or declining?

The Operator will work in cooperation with the County and Continuum of Care to set community benchmarks and multi-year goals to measure successful program implementation for the Year Round Shelter and Multi-Service Center.

B. Admission Criteria and Procedures

1. Client Rules and Guidelines

A prospective client must be willing to participate in all aspects of their care, follow all shelter rules and maintain appropriate behavior with consideration for other clients of the shelter. All clients must review and sign a copy of the "Shelter Rules" document prior to entry. Intake staff will assist any clients who may have difficulty understanding or reviewing the rules.

2. Identification Requirements

A form of official identification is required to verify identity; however, a client will not be denied access to shelter services without one. Employment and Housing Navigators will assist clients in obtaining a California ID, providing each client with a no-cost ID voucher.

Additionally, all Year Round Emergency Shelter Program clients will receive a shelter-specific identification card upon entering the shelter that will be used for readmission during the duration of their stay. Shelter ID components include a photograph, fingerprints, name and other identifying information.

3. Screening Requirements

No person validated on the sex offender registry (Megan's Law) will be allowed to access the shelter property (screening will take place prior to the arrival at the facility as part of the bed reservation system). Additionally, no felons with open warrants will be allowed to access the shelter property. The Shelter Operator will work cooperatively with the local police department and will utilize <http://ws.ocsd.org/ArrestWarrants> to screen clients for open warrants.

4. Bed Reservation System

To minimize neighborhood impact, all clients seeking to access the Year Round Emergency Shelter Program and services will do so through a designated Intake and Bed Reservation Hotline ("hotline").

A prospective client will contact the hotline and complete an initial phone intake process. Clients will be screened for diversion and/or homeless prevention services, utilizing the Coordinated Entry System's Diversion and Homeless Prevention Questionnaire. If they have an alternate, habitable location where they may stay, they will be diverted from occupying a shelter bed until their resources have been exhausted.

Clients meeting eligibility requirements will be assigned a bed reservation number and given instructions on transportation options and designated arrival time.

The Shelter Operator is required to manage and update daily, a designated system for capturing bed inventory, reservations and vacancies. 5-10% of shelter beds will be held each night to allow for referrals from local police department and other emergency and/or qualified situations.

Bed vacancies will be disseminated daily to Coordinated Entry or other referral partners to ensure that bed utilization is maximized each evening.

5. New Clients

New clients will be screened using the phone intake system and provided a reservation number, shuttle pick up time and location.

Beds will be assigned based on availability and eligibility results. As instructed, new clients should arrive at the designated r shuttle pick up location or at the shelter through their own transportation (with prior shelter approval), by 4:00PM each night. Those who do not arrive at the designated time without communicating previous arrangements will forfeit their bed for the night.

Those who did not receive a bed during 1st bed assignments may meet the 2nd 7:00PM shuttle at the designated location to inquire about and register for any unclaimed beds. Arriving at the later pickup time does not guarantee a space will be available or that the potential client will be eligible for services.

A security guard will be assigned to each shuttle pick up location with a list of eligible new clients, which have been prescreened for sex offender or active felony warrants. The shuttle will transport clients directly to the Year Round Emergency Shelter site.

Clients will not be allowed to loiter in the neighborhood surrounding the Year Round Emergency Shelter Program facility or the bus and/or shuttle pick up locations at any time. There will be strict enforcement of shelter client contract rules which could result in permanent exit from the facility if not followed. Drop-off/pick-up locations are an extension of the shelter and thus any violation such as loitering constitutes a violation of the shelter rules which will be strictly enforced. Operator/Security will conduct random daily checks of 1 mile diameter to shelter and drop-off/pick-up locations to enforce shelter rules and avoid loitering and homeless congregations.

Upon arrival, clients will go through a security screening process and work with an Intake and Admissions Coordinator to be informed of rules and regulations of the Year Round Emergency Shelter Program, complete necessary intake paperwork and obtain a shelter ID card.

6. Day Leave and Returning Clients

Two morning shuttles will be available to clients who have a desire to leave the facility during the day for employment or personal appointments.

Clients who leave the program during the day may return via the 4:00PM shuttle to ensure that their beds remain claimed. Those using the later, 7:00PM shuttle will inform their Employment and Housing Navigator or shelter bed reservation staff member to ensure their bed reservation is saved.

Clients arriving later than 7:00PM for special circumstances such as employment or discharge from the hospital, must communicate with their Employment and Housing Navigator their anticipated arrival time. No client will be allowed into the shelter after 10:00PM unless for valid reasons approved in advance by their Employment and Housing Navigator and/or the shelter bed reservation staff member. Failure to communicate this could result in forfeiture of their bed reservation and subject to "Readmission Policy" protocols.

Clients who are unable to meet the two evening shuttles must arrange alternate transportation to the shelter site, no later pickups will be provided.

7. Hours of Operation

The Year Round Emergency Shelter Program is open 24 hours, 365 days per year. These hours of operation will be in effect seven days per week, every week regardless of holidays or weather.

5:00 AM	Early Wake Up Call

C. Overflow Management

1. *Coordinated Service Delivery Plan*

It is anticipated that in the early stages of operation for the Year Round Emergency Shelter Program need and demand will outweigh the capacity of the 200 bed shelter program. Therefore, it is imperative that a Coordinated Service Delivery Plan be implemented that includes coordination of the following diversion and redirection strategies:

a. Homeless Diversion -

The Shelter Operator will include homeless diversion screening at intake to ensure that those with alternative resources will not be accessing the homeless system. The Shelter Operator will either provide direct referrals or partner with an agency that can offer successful diversion assistance.

b. Coordination with Transitional and Bridge Housing providers -

The Shelter Operator will work with service providers to locate Transitional and/or Bridge Housing vacancies. This form of housing will be utilized by returning clients who have been matched with a housing opportunity and will soon move into permanent housing. This strategy will increase the Year Round Emergency Shelter Program bed turnover rate as clients are successfully matched to alternate housing opportunities.

c. Coordination with other Emergency Shelter Program providers -

The Shelter Operator will partner with other emergency shelter program providers to redirect overflow to any additional shelter beds that may be available in the county.

2. Overflow Policies

The Bed Reservation System is designed to prevent and minimize overflow and capacity issues for the shelter. A daily bed utilization count will ensure that the 200-bed capacity will be fulfilled each evening, as need for beds persist.

In the event of a community-wide natural disaster or in extreme weather situations deemed so by state, county, or city authority, the shelter will maintain a “no walk-up” policy. However, the following option could be utilized by the Operator:

- Utilize alternative locations (churches) for additional beds that may accommodate homeless without a bed reservation during inclement weather or disaster. Option has budget implications/funding considerations for local government agencies.

D. Exit and Re-Admission

1. Exit and Readmission Policies

Clients will be considered to have exited the program when they voluntarily leave or are exited from the shelter for safety or continual shelter violations, or find alternate housing.

When a client exits of their own volition or is exited for shelter violations, the client may contact the admission hotline to screen for readmission eligibility after the time designated by staff (on average after 30 days).

Length of exit for safety violations will depend on the severity of the infraction.

The Shelter Operator should be balanced in their approach to program exits and readmission policies as it pertains to rules violations and infractions. Such policies should include considerations to maintain a safe and effective facility, safety for clients, volunteers, staff and the surrounding neighborhood as well as demonstrate compassion toward homeless individuals who face increasingly vulnerable situations if forced to exit from a shelter situation to places not suitable for human habitation.

It is recommended that Infractions will be subdivided in a Multi-Tiered System based on the perceived impact of the infraction. Consequences for each tier level should be fitting and just for the level of the infraction and its perceived impact on the wellbeing of stakeholders.

Clients who use the facility, programs, and services in violation of a specific rule will be obliged to adhere to those consequences. The consequences may also be subject to intervention by law enforcement, and if necessary, prosecution up to the limit of the law.

2. Exit Procedures

When a client is asked to exit due to disobedience of rules, violence, or criminal activity, security will escort the person off the property and those exited will be transported to a self-directed location out of the surrounding area.

E. Employment and Housing Navigator Services Policy

Shortly upon time of admission to the shelter, each client will be assigned to an Employment and Housing Navigator. The primary function of the Employment and Housing Navigator is to work side-by-side with the client to create a pathway toward permanent housing opportunities, with the ultimate goal of ending their homelessness within a 30-day timeframe. Additionally, the Employment and Housing Navigator is to provide resources and support to the client during their stay, including encouragement to access any and all services provided at the Multi-Service Center.

The Employment and Housing Navigator will ensure that all clients have a complete assessment and are entered into the Coordinated Entry system, as the first line of housing engagement. Employment and Housing Navigators will assist Year Round Emergency Shelter Program clients in obtaining the necessary documentation to move forward in their housing connection process, once matched to permanent housing opportunities by the Coordinated Entry Module.

Together the Employment and Housing Navigator and the client will complete a Housing Plan which will guide their efforts toward securing permanent housing opportunities. Meeting weekly, the Employment and Housing Navigator will document the client's progress towards actions outlined in the Housing Plan. Additionally, Employment and Housing Navigators will work with clients to provide referrals to services in the Multi-Service Center or any community referrals as necessary.

1. Documentation of Employment and Housing Navigation Services and Data Security Policies

Employment and Housing Navigators will keep case notes in both hard copy paper files and in the HMIS database to track every client's progress and participation in the Year Round Emergency Shelter Program. These files are also used to track the resources and referrals given, support rendered, and any infractions the client may accrue. Outcomes are recorded at exit and throughout participation in the program.

Tables will be set up for meals in the dining area of the Shelter at the scheduled meal times.

Food will be served at designated times of operation for registered shelter clients only. Clients of the Multi-Service Center will not be permitted to access the dining area, nor will they be allowed to participate in daily meals.

The policies for travel to and from the Year Round Emergency Shelter Program will be designed to support client needs and minimize potential impact on the adjacent residential neighborhood and businesses.

The following transportation measures will be implemented:

1. Transportation Flow On and Off Property

The Shelter Provider will create a plan for safe and effective flow of traffic on and off the property based on the schematics of the shelter grounds and surrounding neighborhood. 2. Pedestrian Traffic

The shelter will operate by bed reservation only and no walk-ins will be accepted. The clients will be expected to utilize the transportation options that will be provided to them by the Shelter Operator.

No walk-up policy will be posted and disseminated throughout the community.

Any individual that does walk-up will receive information on how to make a bed reservation, set-up appointments with the multi-service center and be provided transportation to a self-directed location out of the surrounding area to return only when the established reservation protocol has been followed.

Locations will be selected by the host city/police department and/or in collaboration with neighboring police departments. Operator will not drop-off/pick-up other than at agreed upon locations.

Daily shuttles (public if bus routes allow for drop off at site or private if this is required by location of the site) will be provided to transport all screened clients to the Shelter Site. Security guards will be staffed at each location to ensure only prescreened clients with bed reservations receive transportation to the shelter. Operator/Security will also conduct random daily checks of 1 mile diameter to shelter and drop-off/pick-up locations to enforce shelter rules and avoid loitering and homeless congregations.

To avoid, long term loitering at the shuttle pick up areas, clients may arrive at the shuttle Stop fifteen (15) minutes before the shuttle departure time.

Drop-off/pick-up locations are an extension of the shelter and thus any violation such as loitering constitutes a violation of the shelter rules which will be strictly enforced.

The bus and/or shuttles will provide a pick-up at designated times, transporting new and returning clients. Prospective new clients must be present at designated pickup locations on time or risk forfeiting their bed.

R. Confidentiality Policies

1. Personal Confidentiality

People seek help from emergency shelters at a difficult time in their lives. Their need for service and the help that can be given is determined through sharing of factual and personal information. For this to be effective, every client must be able to trust that every staff member and volunteer hold confidential the shared information.

Therefore, the Shelter staff and Shelter Operator will keep strict confidentiality practices as written in Confidentiality Policy. These practices include:

1)Fact of Participation: The fact that an individual is or has been a participant in the Year Round Emergency Shelter program should not be disclosed except as may be specifically defined. Inquiries by visit, telephone or letter regarding a participant in the program should be answered with the statement that information as to whether a particular person is or has been in residence cannot be divulged; that if in fact the individual is in residence, they will be advised of the inquiry, and that, at their discretion, they will or will not communicate with the inquirer.

2)Disclosure to Other Agencies: Disclosure of client information to other social service agencies, whether on a referral to or from the agency, generally may be permitted only with the person's written consent. Information is to be withheld where enjoined by law and where by contract The Shelter Operator has agreed to maintain the confidentiality of client records (as under the Privacy Act.)

Disclosure of information relating to program participants should not be made to employers, credit agencies, unions or other similar organizations, except at the request, and with the consent of the participant.

3)Information to the Client: In some situations it may be required by law to disclose to the participant information contained in his/her own case record. Information disclosed should be limited to that which is included in the formal case record. The formal case record should contain factual information, not counselor notes and observations. Information provided by other agencies should not be shared.

4)Law Enforcement Agencies: All requests for information regarding clients originating from law enforcement agents, should be referred to the Shelter Operator's acting Legal Department. Before any action is taken on any legal request, a staff member or program manager should contact their Legal Department as there are boundaries in place to determine the sharing of information with law enforcement personnel according to its policies on client confidentiality (as stated in the Shelter Operator's Policy Manual)and applicable law.

When an arrest warrant or a search warrant has been issued by a court after a showing of probable cause, if such a warrant is presented to the facility relating to a client in the residence, staff will cooperate with the law enforcement agency in making the arrest or the search, preferably in a manner which will involve the least disruption of the program at the facility.

5)Written Consent: If there is any doubt as to whether client information should be disclosed, the consent of the client should be first obtained, except as otherwise required by law. The consent will be in writing on a Release of Information form and should identify the information to be disclosed, the person or agency to whom it will be disclosed, and the purpose of the disclosure, and the period of time during which authorization is granted.

6)Abuse Reporting: The Shelter Operator and Shelter staff will comply with all state and municipal laws requiring reporting to governmental agencies of instances of child abuse, domestic violence and elder abuse. Staff will report any suspicion or evidence of child abuse or vulnerable adult abuse according to law's requirements. All staff persons at the shelter will be mandatory reporters. An incident report will also be completed and submitted to the Program Manager and any higher-level staff as needed. All staff will be trained at time of hire to spot signs of abuse and to properly document and report it. Training will be repeated annually.

7)Harm to Self or Others: If a client at the shelter program shares with a staff person a viable threat to do harm to self or another, the terms of confidentiality can be revoked, as in the case of suicidal or homicidal admittance.

2. Database Confidentiality Policies

Only trained Intake staff, Employment and Housing Navigators, and management staff will be authorized to access the HMIS Database. Each staff person will have a separate password for entry. Staff is only to use computers that are authorized and HMIS compliant. No persons without a username and password set up by the Shelter Operator's IT department should have access to staff-only computers.

3. Exceptions to the Confidentiality Policy

All clients will be informed that when the law requires Management to disclose client-related information, such as to prevent danger to self or others or to report child and elderly/vulnerable adult abuse, Staff will do so.

S. Grievance Policies

The grievance procedure will be applicable for any conflicts or disagreements between clients and clients and clients and staff. For example, the grievance process may be employed to address disruptive behavior or appeal incorrect formal action. However, in no way does the grievance procedure suspend the rules or consequences established in the Shelter Rules signed upon entering the program. Clients will have the right to file a grievance without the fear of harmful repercussions from staff or other residents.

1. Receiving and Posting

The Grievance Procedure should be clearly posted in the Policy and Procedure Manual and available at the shelter facility. A client will be given a copy of the grievance procedure when a

conflict has occurred that cannot be resolved satisfactorily between the client and a staff person or another client, or the client has a complaint about an event that occurred at the Shelter involving that client. The Grievance Policy Form will be read by the client and signed.

2. Meeting with Staff

Once received, staff will decide at the earliest regular staff meeting which grievances warrant a meeting. If needed, a formal grievance meeting will be called, headed by the Program Manager or their assistant. Prior to this meeting, the client defendant will be given a copy of the grievance so he/she may prepare to respond to the grievance.

At the grievance meeting, the plaintiff will begin stating his/her case. The defendant will then respond. All present will be allowed to ask questions of either the plaintiff or defendant. The burden of proof rests with the plaintiff. All decisions will be binding and after the formal grievance procedure has been completed, staff and residents will be expected to regard the matter as settled and in the past.

If a client expresses a concern or makes a complaint concerning their involuntary discharge, he/she may take the following steps:

- The client may request to discuss the matter with the Program Manager, who will make a decision on any corrective action required within the boundaries of his/her authority. When appropriate the Manager will notify higher-level staff.
- If the client is still unsatisfied with the outcome, he may submit a request for intervention to the Shelter Operator's Executive Director, who will acknowledge receipt within a reasonable time frame. The Executive Director will take any corrective action required within 10 days and inform the client, in writing, of the resolution.
- Clients have the right to ask assistance of another person to speak on their behalf, or to help fill out a grievance form.
- Client grievances will be reported in monthly program reports. The Executive Director or other Shelter Operator executive staff member entity review all grievances quarterly and/or annually, providing a level of review that does not involve the client about whom the complaint was made or the person who reached the decision.
- Grievances and resolutions should be documented in client file and **incident reports**

3. Whistleblower Policy

Clients should have several ways in which they may share a grievance – verbally or written, anonymous or through a third party. A suggestion and grievance box will be available in the common area and will be checked weekly by staff.

Confidentiality will be strictly kept between the person making the complaint and the Program Manager which will withhold information internally to the extent prudent where a complaint involves a staff member or volunteer.
