

Hello,

Below is a list of ten (10) Staffing Agencies who may be able to provide staffing support to your facility. These agencies reflect being good business partners during recent COVID-19 surges. Each of the vendors below have shown a high standard of responsiveness, deployment speed, and clinical competency of their staff.

**Please Note: If you reach out to these staffing agencies for staffing support not approved by CDPH, any agreements to provide staff would be on a direct agreement between your facility and the agency, independent of CDPH.**

| Staffing Agency                    | Point of Contact              | Email Address  | Phone              | Roles                          |
|------------------------------------|-------------------------------|--|--------------------|--------------------------------|
