SECTION I

INTRODUCTION

I. INTRODUCTION

The Health Care Coalition of Orange County (HCCOC) charter outlines the functions of the Health Care Coalition of Orange County while the Bylaws describe the rules that direct the operations of the HCCOC. This document is a product of collaborative planning to address immediate medical health response requirements of healthcare providers in the Orange County area in the event of a disaster.

During large emergencies or disasters, medical and health resources may be unavailable or inadequate to meet the demand. The California Medical/Health Mutual Aid System is designed to address these issues by identifying and facilitating the distribution of regional, state and/or federal resources to the area(s) in need.

While the California Mutual Aid System has been tested and considered reliable, healthcare providers in a community are encouraged to establish a Memorandum of Understanding (MOU) – beyond the agreement to the prepare, collaborate, and participate as outlined in this document – to share resources among themselves should an immediate need arise. The medical accrediting entities and the National Incident Management System encourage such agreements.

II. OBJECTIVE

The purpose of this charter is to aid healthcare providers in preparing for and responding to a disaster in a timely, comprehensive and coordinated manner. The success of this voluntary agreement is predicated on full participation of healthcare providers in Orange County.

An incident that exceeds the effective response capacity of the impacted healthcare providers will almost always involve the following entities: *the Emergency Management Division of the Orange County Sheriff's Department; the Orange County Emergency Medical Services Agency; the Medical Health Operational Area Coordinator; and the affected operational area response partners.* The disaster may be an "external" or "internal" event and assumes that each affected healthcare provider emergency management plans have been fully implemented.

III. PURPOSE OF COALITION

The purpose Health Care Coalition of Orange County (HCCOC) is to establish and develop a collaborative network of healthcare organizations and their respective public and private sector response partners within the Orange County Operational Area. The HCCOC exist to build a common operational framework that strengthens the ability of the local health and medical system to rapidly and effectively respond to emergencies. A common operational framework supports effective information flow between local and regional healthcare partners and supports efficient response when additional resources are needed during emergencies that exceed the response capabilities of local healthcare entities.

HCCOC serves as a voluntary, multidisciplinary, multi-agency group that assists in the coordination of medical and health preparedness, response, recovery and mitigation activities. Some of the activities of the HCCOC include:

Approved by the Health Care Coalition of Orange County (HCCOC) Core Members xx-xx-xx

- Interface with the appropriate level of emergency operations by sharing information among participating health care organizations and with jurisdictional authorities to promote common situational awareness.
- Support the needs of healthcare organizations through sharing Emergency Operation Plans.
- Meet the community needs by promoting the quality of disaster patient/victim care services and improving overall healthcare response capabilities.
- Develop and implement effective practices including continuity planning, education, training and evaluation as they relate to emergency preparedness.
- Serve as a means to strengthen and sustain the local health and medical emergency management system by properly analyzing gaps.
- Promote healthcare providers' capacity to anticipate the plan of care in the event of a medical surge.

IV. PLAN MAINTENANCE

Review

The Health Care Coalition of Orange County Charter and Bylaws will be reviewed annually by the Health Care Coalition Executive Committee. Revisions or changes will be distributed to participating entities.

Revisions

Changes should be made to the plan and the revision date will be identified in the document. Changes may be needed when:

- Hazard consequences or risk areas change;
- The concept of operations for emergencies changes;
- Communications systems are upgraded;
- A training exercise or an actual emergency reveals significant deficiencies in existing planning documents; or
- State or federal planning standards for documents are revised.

SECTION II

CHARTER

I. GENERAL INFORMATION

Mission

To support medical and healthcare entities to prepare for, respond to, mitigate and recover from disasters by promoting integration, information sharing, and resource support in the Orange County Operational Area and California Medical/Health Mutual Aid Region I.

Vision

To develop a unified medical and health emergency management community to prepare, respond and recover from emergency and disasters

Values

- Respect
- Integrity
- Service

3. *General Membership HCC Committee*

The General Member HCC Committee meeting is an open meeting for the purpose of information sharing, collaboration, networking, education and providing updates on the progress, efforts, objectives and performance measures of the HCCOC.

III. PROTOCOLS AND FORMALITIES

Agenda Development and Distribution

It is the policy of the HCCOC to assure that meeting agendas are developed, posted, and distributed in a way that allows for timely and open access to the process. The following is an outline of the required process in support of agenda development and distribution:

1. *Agenda Development*

Items of business may be suggested by any HCCOC member. The inclusion of agenda items will be at the discretion of the Executive Committee Chair, HPP Grant Manager and HCC Coordinator. The agenda must contain a brief general description of each item of business, and indicate the time and place of the meeting. Each agenda item will identify the speaker/presenter. Agenda items will be submitted to the HCC Coordinator twenty-one (21) calendar days prior to the HCCOC regular meetings. Items submitted less than the 21 calendar days prior to a scheduled meeting date may be postponed to a later meeting date in order to allow sufficient time for consideration and preparation of the issue. Any urgent or time sensitive items that occur outside the normal meeting cycle will be brought to the Executive Committee Members and a determination will be made if a Special Meeting session needs to be called.

Approved by the Health Care Coalition of Orange County (HCCOC) Core Members xx-xx-xx

2. *Agenda Distribution*

The agenda, together with any supporting materials will be posted electronically at least three (3) calendar days prior to the regular meeting date. Limited copies of the agenda package will be available in hard copy at the HCCOC meetings.

IV. FINANCE

The HCCOC has no direct fiscal authority nor operates and/or maintains an annual budget. The members of HCCOC shall serve without compensation. If tasks require financial funding for implementation, they must equitably support all stakeholder initiatives.

V. HCCOC PLANS, POLICIES & PROCEDURES

The HCCOC Executive Committee Membership will be responsible for the approval of HCCOC plans, policy and procedures that guide HCCOC preparedness, mitigation, response and recovery functions of the HCCOC.
