Facilities Advisory Committee

Meeting Cancellation Notice Tuesday, May 12, 2020

Orange County Emergency Medical Services **has cancelled the County Paramedic Advisory Committee (CPAC) meeting scheduled for Wednesday, May 13, 2020.** EMS made this decision based upon:

- A recommendation issued by the California Department of Public Health on smaller gatherings that do not allow social distancing of six feet per person; and
- The March 17, 2020 order made by the County Health Officer, Dr. Nichole Quick, prohibiting all public and private gatherings of any number of people, including at places of work until 11:59 pm on March 31, 2020.

Given the fact that the Health Officer's order may be revised and/or extended at any time, we felt it prudent to cancel this meeting.

A copy of this order may be seen on the County home page (www.ocgov.com) or by using the link seen below:
