

Behavioral Health Services

**ORANGE COUNTY CENTER  
FOR RESILIENCY, EDUCATION  
& WELLNESS (OC CREW)**

---

OC CREW serves young people age 12-25 years old, and the people important in their lives, by providing supportive services for those experiencing a recent first episode of psychosis. OC CREW also seeks to raise awareness and reduce stigma by providing education about psychosis to the community.

## **Psychosis refers to a state in which a person experiences some or all of the following:**

- Confusion or difficulty organizing thoughts
- Trouble related to seeing or hearing something that others do not see or hear
- Becoming unusually fearful of others
- Significant and unhelpful changes in beliefs or sense of reality
- Troublesome changes in sleep or eating patterns
- Problems due to increased sensitivity to sights, sounds, smells or touch

## **OC CREW provides the following services:**

- Behavioral health screening and assessments
- Counseling
- Psychiatric services
- Case management
- Multifamily Groups
- Socialization, health and wellness activities
- Referral and linkage
- Community education and training

**4000 W. Metropolitan Dr., Ste. 405 Orange, CA 92868**  **(714) 480-5160**
