AGENDA

Board Member Names

Jeanne Awrey, OC Dept. of Education [Secretary]
Matt Bates, City Net
Judson Brown, City of Santa Ana
Natalie Bui, Veteran Affairs CRRC
Donald Dermit, The Rock Church
Curtis Gamble, Hope Lifted
Vacant
Vacant

Becks Heyhoe, OC United Way
Patti Long, Mercy House
Dawn Price, Friendship Shelter
Albert Ramirez, City of Anaheim
Maricela Rios-Faust, Human Options
George Searcy, Jamboree Housing [Chair]
Tim Shaw, Individual [Vice-Chair]

Call to Order – George Searcy, Chair

Board Member Roll Call – Jeanne Awrey, Secretary

Public Comments: Members of the public may address the Continuum of Care (CoC) Board on items listed within this agenda or matters not appearing on the agenda so long as the subject matter is within the jurisdiction of the CoC Board. Members of the public may address the CoC Board with public comments on agenda items in the business calendar after the CoC Board member discussion. Comments will be limited to three minutes. If there are more than five public speakers, this time will be reduced to two minutes.

In order to address the CoC Board, members of the public are to enter their name and agenda item number in the GoToMeeting chat box to be placed in a queue. CoC Board staff will call your name in the order listed in the chat box.

CONSENT CALENDAR

All matters are approved by one motion unless pulled by a Board Member for discussion or separate action. The CoC Board requests that only pertinent information be discussed during this time.

- 1. Approve Continuum of Care Board Meeting Minutes from August 23, 2020.**

BUSINESS CALENDAR

- 1. Continuum of Care Manager Update** – Zulima Lundy, Care Coordination Manager
- 2. Marching Home to End Homelessness Update** – Zulima Lundy, Care Coordination Manager
 - a. Update on the Marching Home to End Veteran Homelessness in Orange County
- 3. 2021 Point in Time Count Update** – Zulima Lundy, Care Coordination Manager

- a. Overview of the 2021 bi-annual Point in Time count of persons experiencing sheltered and unsheltered homelessness
- b. Appoint an advisory committee to provide guidance and feedback during the 2021 Point In Time Count's planning process. Recommended CoC Board Representation for the 2021 Point in Time Advisory Committee:
 - i. At large Representation - Becks Heyhoe
 - ii. Faith-Based Representation - Donald Dermit
 - iii. Veteran Services Representation - Natalie Bui

4. FY2020 CoC Notice of Funding Availability (NOFA) Update – Zulima Lundy, Coordination Manager

- a. Update on the FY2020 NOFA process
- b. Appoint an Ad Hoc for the FY2020 CoC NOFA process on behalf of the CoC and provide recommendations to the CoC Board for the FY2020 CoC NOFA.

5. Standards of Care for Emergency Shelter Providers Presentation – Karen Betances, Shelter Manager, and Sarah Jones, Shelter Administrator

- a. Overview of the Orange County Standards of Care for Emergency Shelter Providers for Homeless Services

Next Meeting: October 28, 2020

In order to address the CoC Board, members of the public are to enter their name and agenda item number in the GoToMeeting chat box to be placed in a queue. CoC Board staff will call your name in the order listed in the chat box.

- o Callie Rutter commented on one of the Project Roomkey non-congregate shelters and on the CoC Board nomination and selection process.

CONSENT CALENDAR

All matters are approved by one motion unless pulled by a Board Member for discussion or separate action. The CoC Board requests that only pertinent information be discussed during this time.

- 1. Approve Continuum of Care Board Meeting Minutes from July 22, 2020 and August 5, 2020.**

Becks Heyhoe motioned to approve the Consent Calendar. Mariela Rios-Faust seconded the motion. The motion passed by unanimous consent.

BUSINESS CALENDAR

1. Update from the Office of Care Coordination– Jason Austin, Director of Care Coordination

Jason Austin thanked the CoC Board and all providers involved in County of Orange's Homelessness COVID-19 Response System.

Jason Austin provided an update on Project Toolbelt. Project Toolbelt explores interim and permanent housing options for Project Roomkey program participants. The service providers for Project Toolbelt include City Net, Pathways of Hope, Mercy House and Friendship Shelter. As of August 26, 2020, 648 assessments have been completed and 46 program participants have found an interim or permanent housing option to transition into.

Jason Austin provided an update on Project Homekey. Project Homekey is the next phase in the State of California's response to protect people experiencing homelessness who are at high-risk for serious illness and are impacted by COVID-19. The Office of Care Coordination in collaboration with OC Community resources has submitted the Project Homekey applications to the State of California.

2. Continuum of Care Manager Update – Zulima Lundy, Care Coordination Manager

Continuum of Care Notice of Funding Availability (NOFA)

On August 5, 2020, the FY2020 Grant Inventory Worksheets (GIW) were posted for review by the CoC and project applicants. The release of the GIW marks the beginning of the NOFA process. The U.S. Department of Housing and Urban Development (HUD) noted that it is currently exploring alternative approaches to distributing FY 2020 CoC Program funds, as opposed to typical funding cycle. The Office of Care Coordination is currently reviewing the local NOFA process utilized in FY2019 to begin preparing for the FY2020 process regardless of the direction HUD chooses.

Racial Equity Analysis

The Office of Care Coordination in collaboration with the CoC Board Chair and Vice Chair are working to identify potential consultants to conduct a Racial Equity Analysis for the Orange County CoC. The Office of Care Coordination anticipates a detailed timeline plan at a future CoC Board Meeting.

COC COVID-19 Homeless Response Funding

The Orange County CoC expanded the opportunity to provide non-congregate shelter to individuals and families experiencing homelessness. Through COVID-19 Homelessness Response funding received from the State, the Orange County CoC made funding available to all homeless service providers and cities operating emergency shelters to provide alternative shelter placements in 30-day intervals. To date, the Orange County CoC has been able to support 46 unsheltered families (151 persons total, including 62 adults and 89 children) and 126 individual at high risk for severe COVID-19 illness. This resource remains available to all homeless service providers who need to provide alternative shelter to individuals and families.

COVID-19 Homeless Response Request for Proposals (RFP)

The State Housing and Community Development provided guidance regarding the planned utilization of the Emergency Solutions Grant COVID-19 Round 2 (ESG-CV2) funding. The State's guidance included prioritizing the majority of the funding for emergency shelter and rapid rehousing activities. Given the State guidance, the Office of Care Coordination had to delay the issuance of the RFP for the COVID-19 Homeless Response funding to reflect the proposed funding allocation of eligible activities. The RFP is expected to be posted early next week.

Public Comments

- o Callie Rutter commented on the shelter preference on the COVID-19 Homelessness Response RFP.

3. Opposition to Changes in Equal Access Rules for Homelessness Resources Letter – Zulima Lundy, Care Coordination Manager

Recommended Action

- a. Approve the Orange County CoC to sign a joint letter in Opposition to Changes in Equal Access Rules for Homelessness Resources, which opposes the U.S. Department of Housing and Urban Development's (HUD) proposed rule entitled Making Admission or Placement Determinations Based on Sex in Facilities Under Community Planning and Development Housing Programs.

Vice Chair Tim Shaw motioned to approve the recommended action. Becks Heyhoe seconded the recommended action. The motion passed by unanimous consent.

Public Comment:

- o Pat Davis thanked the CoC Board for the approval of this letter.

4. CoC Board Nomination Process Overview and Recommendation – Zulima Lundy, Care Coordination Manager

Amended Action

- a. Prioritize the following areas of expertise/experience for the five (5) At-Large Seats being elected the Orange County CoC Board, in order to ensure a well-balanced perspective from multiple sectors to best lead the response to homelessness in Orange County.
 - i. One seat for Behavioral Health background and expertise
 - ii. One seat for Faith Based Representation
 - iii. One seat for Health Care background and expertise
 - iv. Two seats for expertise on homeless services / representation of homeless service providers
- b. Extend the CoC Board Nomination deadline for an additional week to allow more time for outreach given the new prioritized At-Large Seats.

Maricela Rios-Faust motioned to approve the amended motion. Natalie Bui seconded the amended motion. The motion passed by unanimous consent.

Public Comment:

- o Callie Rutter commented on the CoC Board nomination process and disagrees with the deadline extension.

5. Operational Funding for Project Homekey Applications Overview and Recommendations – Zulima Lundy, Care Coordination Manager

- a. Zulima Lundy shared an overview of Project Homekey (Reference page 13 of the August 26, 2020, CoC Board agenda packet)
- b. Amended Action
Authorize the utilization of Homeless Housing, Assistance and Prevention (HHAP) Program Round 2 funding allocated to the Orange County CoC to support the operating subsidies of Project Homekey proposals as submitted to the State, pending award, and request the Orange County Housing Authority match ten (10) mainstream vouchers to the three Homekey Projects.

Donald Dermit motioned to approve the amended recommendation. Dawn Price seconded the amended recommendation. Chair George Searcy abstained from voting. The amended recommendation passed.

- c. Amended Action
Support the County of Orange's utilization of Emergency Solutions Grant (ESG) funding as approved by the Coronavirus Aid, Relief and Economic Stimulus (CARES) Act to support the ongoing operations of Project Homekey as submitted to the State, pending award, and request the interim shelters be accessible to all service planning areas.

Judson Brown motioned to approve the amended recommendation. Matt Bates seconded the amended recommendation. Chair George Searcy abstained from voting. The amended recommendation passed.

Public Comments:

- o Callie Rutter spoke in favor of the 5A amended action.
- o Susan Price from the City of Costa Mesa spoke on action 5B and recommended that access to the interim shelters be based on the 2019 Point in Time data.
- o David Duran spoke on action 5B and supports the recommendation but expressed concern on allocating funding by Service Planning Area

6. Marching Home to End Homelessness Update – Zulima Lundy, Care Coordination Manager

- a. The agenda item was moved to the September 23, 2020, CoC Board meeting.

7. 2021 Point in Time Update – Zulima Lundy, Care Coordination Manager

- a. The agenda item was moved to the September 23, 2020, CoC Board meeting.

8. Presentation by Curtis Gamble – Curtis Gamble, Hope Lifted

- a. Presentation by Curtis Gamble on the Proposal List (Reference page 16 of the August 26, 2020, CoC Board agenda packet)

Meeting Adjourned: 4:02 p.m.

Next Meeting: September 23, 2020

Agenda Item 5

Date: September 23, 2020

Subject: Overview of the Orange County Standards of Care for Emergency Shelter Providers for Homeless Services

Background:

The Office of Care Coordination is sharing the finalized version of the County of Orange Standards of Care for Emergency Shelter Providers for Homeless Services (see attached) with the Orange County CoC.

The Standards of Care establish minimum standard requirements designed to promote an environment that is conducive under the following governing principles:

- Shelter Providers are trained, competent and equipped to support the complex needs presented by those experiencing homelessness within Orange County.
- Participants are empowered to freely enter into a voluntary service partnership whereby their right to be treated with dignity and respect is mutually shared with support services staff.
- Facilities are maintained as accessible, clean, safe, secure and vector-free.
- Shelter Providers and participants have established processes to identify and resolve any concerns or conflicts that may arise during the administration and operation of the program.
- Shelter Providers actively work to engage participants in a person-centered approach and support the development of individualized participant housing plans.

The Office of Care Coordination will be hosting meetings with emergency shelter providers for the overview of the Orange County Standards of Care for Emergency Shelter.

1.1. Standards of Care for Emergency Shelter Providers

The County of Orange (County) has adopted the following Standards of Care for Emergency Shelter Providers (Shelter Providers) for Homeless Services.

The Standards of Care establish minimum standard requirements designed to promote an environment that is conducive under the following governing principles:

- Shelter Providers are trained, competent and equipped to support the complex needs presented by those experiencing homelessness within Orange County (OC).
- Participants are empowered to freely enter into a voluntary service partnership whereby their right to be treated with dignity and respect is mutually shared with support services staff.
- Facilities are maintained as accessible, clean, safe, secure and vector-free.
- Shelter Providers and participants have established processes to identify and resolve any concerns or conflicts that may arise during the administration and operation of the program.
- Shelter Providers actively work to engage participants in a person-centered approach and support the development of individualized participant housing plans.

The County will provide oversight of Shelter Providers that directly contract with the County with the goal of promoting quality assurance practices for their operations and remediation protocols in order to allow participants a meaningful opportunity to exercise their rights to due process for redress of their concerns. To that effect, these Shelter Providers must develop policies and procedures to ensure the Standards of Care is implemented consistently, and must submit the policies and procedures to County for review and approval. County's review and approval will be in deference to and in conjunction with the requirements of all applicable funding sources and all state and federal guidelines including Housing and Urban Development (HUD) and the Centers for Disease Control and Prevention (CDC).

All city-only and private emergency shelter providers serving homeless individuals that receive funding distributed through the County, directly or indirectly, will be provided with the Standards of Care and must adopt and implement the minimum standards set forth in this document.

1.2. Emergency Shelter Providers' Operations

1.2.1. Admissions and Eligibility

Shelter Providers must develop policies and procedures for participant referral and admission. Admission policies and procedures must be clear, written and verbally explained to participants and referring entities at time of referral to ensure appropriate linkage prior to arrival at shelter.

Admission policies and procedures must at a minimum, provide information on admission parameters including referral process, eligibility, shelter program services, participant guidelines, the reasonable accommodation process, and reasons for admission denial.

Shelter Providers must ensure information is given to participants both verbally and in writing and in a manner which is preferred by participant, considering disability and limited English proficiency. For individuals with communication disabilities, including people who are deaf and/or blind and people who have speech disabilities, Shelter Providers must provide auxiliary aids and services (such as sign language interpreters, information in braille or large print, video relay communications) when needed to communicate effectively with people who have communication disabilities. For participants with limited English proficiency, shelter providers must provide interpretation services. Interpretation may be provided by a family or friend if chosen by the participant. Shelter Providers must provide outside interpretation if the participant states that they are not comfortable having their family or friend interpret.

Shelter Providers at admission must assess, with input from the participant, the appropriateness of the shelter environment for referred participants to ensure that basic individualized needs of the participant can be met by the facility, shelter staff and programming.

Shelter Providers at admission must assess, with input from the participant, for diversion and prevention opportunities by evaluating participant's strengths and social support networks such as temporary and/or permanent housing options with family and friends. If it is determined that an individual may qualify for a medical or mental health placement with a higher level of care, the Shelter Provider shall request that evaluation from Orange County Health Care Agency (HCA) within 1 business day of the determination. HCA will facilitate that assessment at the shelter site within 5 business days, and will provide same day evaluation in exigent circumstances.

Shelter Providers must document within Homeless Management Information System (HMIS) any new bed placements or exits within 24 hours.

Denial of Admission

Denial to shelter is at the discretion of Shelter Providers, however, any denial must clearly explain to participant and referring entity denial of admission to the shelter. If a denial is issued, shelter must issue a written notice with a Notice of Denial (NOD), reason for denial, and procedures for third-party appeal.

Reasons for denial may include any of the following:

- Referred participant does not meet basic admission eligibility criteria – status related to homelessness, domestic violence, veteran, etc. Shelters that have designated beds based on funding sources may have additional eligibility criteria.

- Observed behavior that puts health and safety of staff and participants at risk. Such behavior may include, but is not limited to, violence, brandishing weapons, use of drugs or alcohol on premises, property damage.
- Any additional site specific contractual criteria.

1.2.2. Intake and Orientation

Shelter Providers during intake must provide newly admitted participants with information both verbally and in writing, detailing participant guidelines, shelter programming and resources, and facility-based information. Shelters must also assess, with participant, for any reasonable accommodations needed during the intake process. Shelter Providers should be sensitive to participant's background and that it may create transference during the intake process. Intake staff must be trained to spot signs that a participant may be experiencing discomfort and if needed, respond by asking another staff to conduct the intake. Shelter Providers' interaction with participants must at all times take into account that many participants have experienced past trauma. It is important that Shelter Providers' intakes are designed and conducted in a trauma-informed-care-way.

Shelter Providers must provide an intake and orientation for referred participants within 3 business days of arrival absent exigent circumstances requiring additional time.

Shelter Providers during intake must obtain a referred participant's signature of acknowledgement that the shelter has provided to referred participant intake and orientation. Participant's signature is not a requirement for provision of shelter service, and intake paperwork must have a section documenting participant's refusal or inability to sign.

1.2.3. Participant's Rights and Responsibilities

Participant's rights and responsibilities must be provided to participants upon intake and orientation evidenced by participant's signature of acknowledgement or document of participant's refusal or inability to sign. Participant's rights and responsibilities must also be posted in common areas of the shelter.

At a minimum, participant's rights must include:

- Participants have the right to be treated with dignity and respect;
- Participants have the right to be treated with cultural responsiveness;
- Participants have the right to privacy within the constrictions of the shelter environment;
- Participants have the right to self-determination in identifying and setting goals;
- Participants should be clearly informed, in understandable language, about the purpose of the services being delivered, including participants who are not literate and/or who have limited English proficiency;
- Participants have a right to reasonable accommodation and modifications based on a disability or limited English proficiency;
- Services should be provided to participants only in the context of a professional relationship based on valid, informed consent;
- Participants have the right to confidentiality and information about when confidential information will be disclosed, to whom and for what purpose, as well as the right to deny disclosure, unless disclosure is required by law; and

- Participants have the right to reasonable access to records concerning their involvement in the program.

Participant's responsibilities will include:

- Participants are expected to support an environment that promotes safety, toward staff and other participants;
- Participants are expected to follow participant guidelines reviewed at intake;
- Participants are expected to participate and be active in their care, to the degree possible, in developing and achieving mutually agreed upon service plan goals;
- Participants must provide, to the extent possible, accurate information needed by professional staff providing services to ensure thorough assessment, service planning, appropriate linkages and referrals; and
- Participants are expected to maintain confidentiality and privacy of others, just as theirs must be maintained.

1.2.4. Equal Access and Gender Identity

Shelter Providers must have policies and procedures that provide equal access to transgender, intersex, gender fluid, and non-binary participants in accordance with their gender identity.

Shelter Providers must not request or require any form of proof of gender to validate eligibility, and are not to require that a person's gender match the sex listed on legal documentation.

The policies and procedures must incorporate all of the following practices:

- Participants must be assigned a bed at the shelter that serves the gender with which they identify or feel safest, which may include accommodating participant requests to relocate within the shelter. Accommodations to support safety for gender identity is the responsibility of the shelter staff. Accommodations must be developed mutually and determined by the participant.
- Participants must have access to bathrooms where they feel safest, regardless of biological or physical characteristics, or legally documented sex.
- Participant families are to receive services regardless of the gender identities within the family.
- Participants must be able to dictate the gender identity utilized in HMIS and data collection.
- Participants may dictate their preferred name for use in HMIS as HMIS does not require use of legal name.

1.2.5. Non-Discrimination

Shelter Providers must have a non-discrimination policy in compliance with federal and state laws. Non-discrimination policy must ensure that Shelter Providers' programs and services do not discriminate based on the grounds of race, creed, color, sex, gender, gender identity, gender expression, sexual orientation, religion, ancestry, age, disability (including physical and mental disabilities), medical condition, genetic information, marital status, familial status, political affiliation, national origin, source of income, citizenship, primary language, immigration status, arbitrary characteristics as protected by the Unruh Civil Rights Act, and all other classes of individuals protected from discrimination under federal or state fair housing laws, individuals perceived to be a member of any of the preceding classes, or any individual or person associated with any of the preceding classes.

Shelter Providers must have public postings of the shelter's non-discrimination policy at the facility where they operate the shelter program.

1.2.6. Reasonable Accommodations

Shelter Providers must have policies and procedures on reasonable accommodations, including reasonable modifications to premises, in compliance with federal and state law. Shelter Providers must make reasonable accommodations and modifications in their programs, facilities, activities and services when necessary, to ensure equal access to participants with disabilities, unless a fundamental alteration in the nature of their program, activities or services would result from the accommodation. Shelter Providers must track all reasonable accommodations requests and outcomes including the reasons for approval or denial. All shelters must offer appeals based on a denial and will track appeal outcomes and make them available if requested.

Shelter Providers must have public postings of their shelter's reasonable accommodation and modification policy. The postings must include contact information including the contact information for the Shelter's Americans with Disabilities Act (ADA) Coordinator.

Shelter Providers must receive and attend an annual training covering general accessibility provided by the County to ensure requirements under federal and state law (including but not limited to: the ADA Title II and Title III, Section 504, FHA, FEHA, Gov. Code Section 11135, Unruh Act, and California Disabled Persons Act) are addressed. Shelter Providers must also provide an annual training for staff relating to programmatic and facility based compliance with federal and state law requirements.

Shelter Providers must complete a Self-Evaluation Plan every 2 years to ensure that their shelters and all programs, services and activities therein are accessible for participants.

1.2.7. Service Animals and Support Animals

Shelter Providers must have policies and procedures regarding access for participants with service animals and support animals, as well as pets.

Shelter Providers must admit participants and his/her/their service animal or support animal regardless of what documentation is present at the time of admission. Service Animals do not need to have any certification or documentation. Providers should support participant in acquiring any registration, licensing and vaccinations as needed.

Shelter Providers must not ask what disability a participant with a service animal may have to establish the need for the service animal. Shelter staff are only allowed to ask if the service animal supports a disability, and what function the service animal executes.

Support animals are protected under the California Fair Employment and Housing Act. Support animals provide therapeutic support to the participant to support day-to-day functioning, and participants must be allowed to have support animals as a reasonable accommodation. If necessary, shelters should support participants with obtaining information from a reliable third party who is in a position to know about the individual's disability or disability-related need for the support animal, or in obtaining necessary vaccinations.

The supervision of the service animals and support animals is the responsibility of the participant. The animal must be under the participant's control at all times and not pose a safety risk to other participants within the program. Shelter Providers may exit a participant without the assistance of his/her/their animal in the event the participant is unable to control his/her/their service animal or support animal, or the service animal or support animal becomes a safety risk or sanitary concern for the shelter, shelter's operations, participant, or other participants. However, Shelter Providers must determine whether a reasonable accommodation would resolve the event from happening in the future or resolve any ongoing event and offer alternatives to exit including the option to board the animal temporarily.

1.2.8. Communication Accessibility

Language Accessibility: Shelter Providers must have a Language Access Plan and accompanying guidance to ensure that participants with limited English proficiency can receive services in their desired language. Shelter Providers must provide training for all shelter staff on how to support limited English proficiency services.

Disability Communication Accessibility: Shelter Providers must have a Disability Communication Access Plan for participants with disabilities including people who are deaf and/or blind and people who have speech disabilities, to ensure access and effective communication when needed, by providing auxiliary aids and services (such as sign language interpreters, information in braille or large print, video relay communications) or other accommodations. Shelter Providers must provide training for all shelter staff on how to support and access various interpretation services, as well as auxiliary aids and services.

Language Access Plan must be provided to participants at intake and provide information on the following:

- How to request services for language access.
- The contact information for the Shelter ADA Coordinator.
- How to request language access for effective communication.
- How to request auxiliary aids and other disability communication access accommodations.
- Procedures for requesting a reasonable accommodation based on disability.

1.2.9. Participant Feedback

Shelter Providers must establish a participant feedback policy and develop a feedback process that provides for ongoing opportunities for participants to voice opinions and provide feedback confidentially to the person in charge of the shelter operations on program operations and programming, including participant guidelines. Methods for receiving participant feedback can include exit interviews, surveys, focus groups and program meetings.

Shelter Providers must solicit participant feedback annually and utilize the feedback to assess program operation changes to better support and meet the needs of the participants. A report must be created which summarizes feedback and any changes being implemented based on feedback.

1.2.10. Incident Reporting

Shelter Providers must develop policies and procedures for the tracking and reporting of incidents involving:

- Abuse, suspected abuse, and reportable abuse including Adult Protective Services or Child Protective Services;
- Acts of violence or sexual misconduct;
- Death of participant and/or shelter staff;
- Emergency situations that prompt evacuation; and
- Substantial damage to the facility, or the discovery of hazardous material on shelter's premises.

Shelter Providers must report incidents to County within 24 hours of the incident occurring. The notification to the County should occur even if there is partial information at the required time of submission.

Shelter Providers must utilize the County Template (Attachment 1) when reporting incident reports and submit them to:

Email: OCShelterFeedback@ochca.com

Address: 405 W. 5th Street, Suite 658, Santa Ana, CA 92701

1.2.11. Grievances

Shelter Providers must have policies and procedures for participants to submit their grievances. Shelter Providers must incorporate the County Template (Attachment 2) when creating grievance forms and related documents. The grievance policies and procedures are aimed for Shelter Providers to resolve participants' concerns as efficiently as possible.

Note: Orange County Health Care Agency, Behavioral Health Services programs and services are not subject to the grievance policies and procedures set forth in this Section 1.2.10. Behavioral Health Services programs and services have different formalized grievance and due process procedures which are prescribed by those funding sources and are considered independent of the minimum standards set forth in this Section 1.2.10.

To promote knowledge and understanding of the grievance policies and procedures, Shelter Providers must ensure the following:

- Review of grievance policy and procedures with participants during intake and orientation evidenced by participant signature of acknowledgement, or documentation of a participant's inability or refusal to sign.
- Copies of the grievance policies and procedures must be prominently posted in common areas, and must be readily available for participants upon request. Postings must include the following:
 - Where to obtain the grievance policies and procedures.
 - Information and procedures for participants on how to notify shelter staff of a grievance, including access to the associated forms and how to submit.
 - Timeframe and initial communication expectations participants can expect from shelter staff once grievance has been submitted. Absent a danger to health and safety, no action including exit shall be taken against the participant while the grievance or appeal is pending.
- Shelter Providers must provide information upon intake, and by request, how participants can contact the County Homeless Services Division.
- Annual training component for applicable shelter staff and subcontractors.

- Designate a management staff to oversee the administration of grievances, including an alternative staff to ensure participant access to grievances at any point in time.

The grievance policies and procedures shall include, but are not limited to, the following:

- Shelter Providers must ensure participant confidentiality.
- Shelter Providers must ensure an organized system of grievance documentation.
- Shelter Providers must provide opportunity for participants to present their grievance case before a neutral decision-maker (a supervisor or manager who was not directly involved in the incident or situation of the grievance).
- Accommodation of third-party advocates in the grievance process, if requested by the participant. Participant must give their permission for an advocate to be present evidenced by a signed release of information.
- Shelter Providers must work to create face-to-face meetings to support the resolution of a participant's grievance.
- Shelter Providers must ensure participants receive a written determination for the submitted grievance after the grievance process has concluded.
- Shelter Providers must have a procedure for an appeal review process for participants looking to dispute their written determination. The final determination should contain a clear statement of the outcomes that led to the decision of the appeal.
- Shelter Providers must provide any documentation related to the grievance to the participant upon request.
- Shelter Providers' policies and procedures must include information directing clients to the County Grievance Appeal Process.

The grievance policies and procedures must incorporate the following process and timeframes associated to respond promptly to participant's grievance:

- Shelter Providers' confirmation of grievance receipt not to exceed 3 business days, during which the Shelter Providers will acknowledge and review the grievance being received. A timeline to resolve the grievance should not exceed 10 business days, during which the participant will receive a written determination about the grievance that includes the factors that led to the final determination.
- The appeal process must afford participants an opportunity to present written and/or oral objections before a management/director staff member other than the staff person who made the prior grievance determination. Shelter Providers must provide a written determination for participant appeals within 10 business days.
- Absent an immediate health and safety risk to other participants or staff, the participant must be permitted to remain in the shelter during the appeal.

County Grievance Appeal Process

The County Grievance Appeal Process is designed to review participant grievances that have completed the Shelter Providers' grievance process, including having gone through the Shelter Providers' appeal process (Attachment 3). The County Grievance Appeal Process (Attachment 4) reviews the administrative and operational compliance of Shelter Providers' grievance policy and procedure in addition to compliance to the Standards of Care.

Dispute Resolution Services

Dispute Resolution Services may be requested by the participant once the Shelter Providers' grievance process and the County Grievance Appeal Process have been completed and the outcome is not a satisfactory resolution for the Participant.

Shelter Providers' policies and procedures must include information on how to obtain dispute resolution services from the court. This may include notifying the chambers of Judge David O. Carter via email at DOCchambers@cacd.uscourts.gov or contacting the Elder Law and Disability Rights Center at (714) 617-5353 or info@eldrcenter.org. Any hearings by the court must be conducted during regular business hours whenever feasible.

1.2.12. Program Exits

Shelter Providers must provide the policy for program exits upon intake evidenced by a participant's signature of acknowledgement, or documentation of participant's refusal or inability to sign.

Policies and procedures developed regarding participant guideline violations must include an escalation continuum incorporating warnings and staff/participant problem solving methods prior to instituting shelter exits.

Shelter Providers must have policies and procedures for assessing, problem solving, and instituting participant exits from shelter.

Shelter Providers must ensure all escalation processes, including those resulting in shelter exits, are documented. Shelter Providers must allow for participants to appeal their termination via the established process in Section 1.2.10 Grievances. Participant exits may include the following reasons, however, Shelter Providers are encouraged to work towards behavioral contract agreements prior to exit:

- In possession or use of drugs on-site.
- Brandishing of weapons.
- Physical fighting/assault/battery.
- Theft that has been validated by shelter staff.

Shelter Providers must provide the reasons for a participant exit in writing. If the exit is immediate based on behavioral issues that create an immediate threat to the surrounding environment, notice in writing must be provided upon request within 24 hours.

Shelter Providers should work towards notifying participants of an exit ahead of time. Absent an immediate threat to health and safety, providers must facilitate the connection to another program. The length of time of exit should correlate with the actual recent behavior which is the reason for the exit, as opposed to the number of times the participant has exhibited the same or similar behavior.

Shelter Providers must work with participants to create an exit plan when possible. Exit plans must identify progress towards goals and resources that will assist the participant going forward with any housing needs. Exit plans should be reviewed with participants when possible.

Shelter Providers must have a policy for reinstatement for participants that have been exited from the shelter. If a participant is being exited to any location other than permanent housing, communication must be provided around the amount of time and/or process for returning. Practices around the length of time

before a participant can return should be commensurate to the severity of the behavior, and must not be progressive in length of time for repeat exits due to the same behavior. Shelter Providers are encouraged to have reinstatement policies that focus on conversations regarding behavior and mutual agreements to reduce the length of time before a participant can return.

If a participant self-exits for any reason other than to avoid an exit or write-up due to behavior, they are eligible to return based on bed availability with no wait period. If there are negative circumstances associated with their self-exit, the Shelter Provider should follow their established process and wait times for re-entry. Self-exit is inclusive of when a participant leaves the program without informing the Shelter Provider of their intent to exit from the program.

1.2.13. Hours of Operation and Curfew

Shelter Providers must notify participants of shelter hours of operation and any curfews. Shelter Providers must support reasonable accommodations for participants with disabilities, and provide accommodations to support employed participants and/or extenuating circumstances.

1.2.14. Coordinated Entry System Integration

Shelter Providers must participate in the Orange County homeless services system of care, including the Orange County Coordinated Entry System (CES). The emergency shelter system serves as a key Access Point to the Coordinated Entry System to facilitate program participants' connection to available housing resources and programs.

Shelter Providers must coordinate with public benefits, employment services and Housing Navigators that will assist program participants in exploring all available employment, income and housing options, collecting required documentation and completing necessary assessments as required by the Coordinated Entry System.

1.2.15. Food Services

Shelter Providers must provide three meals per day to each program participant: breakfast, lunch and a hot dinner, or meals on another schedule as defined by the funder contract. Shelter Providers may cater meals in and/or make arrangements to ensure food service compliance. Shelter Providers must ensure meals can accommodate clients who have special dietary needs due to a documented medical condition, or due to religious beliefs.

Meal schedules must be covered during intake and orientation with participants. Meal schedules must be updated weekly and posted in common areas for participants' access.

Meals must be served in an area specifically designated for meal consumption where adequate space for seated dining is available for each participant, including those with mobility devices.

Meals must be nutritionally adequate in accordance with United States Department of Agriculture.

Meal preparation and distribution will be in compliance with OC Health Care Agency Safe Food Handling Requirements.

1.2.16. Medication Storage

Shelter Providers must develop and implement a policy regarding participant medication storage. The policy shall address medication storage, documentation, refrigeration, and shall include a secure and locked location for medication storage such as a medication cabinet, locker or drawer.

The Shelter Provider may not administer or dispense medication (provide dosage or ensure medication schedule adherence) for participants and may not require participants to turn over their medication.

1.2.17. Storage and Personal Belongings

Shelter Providers must have a participant storage policy to be provided to participants upon intake. At a minimum, shelter operators must allow for at least 90 days after a participant's exit to gather her/his/their personal belongings or facilitate relocating those belonging to participant sooner.

Shelter Providers must maintain a log of personal belongings that are discarded. The log will at minimum include the name of the participant, the date when belongings were discarded and the staff member who updated the log.

Shelter Providers will allow for individuals to regularly access their storage and personal belongings, and not restrict volume of belongings that would exclude essential items and disability related items.

1.2.18. Safety and Emergency Preparedness

Shelter Providers must develop written policies and procedures for emergency situations with relation to staff and participant safety and security.

Policies and Procedures must include the following:

- Emergency preparedness drills;
- Emergency evacuations;
- Assisting participants with evacuations, including persons with disabilities and/or limited mobility;
- Stockpiling of appropriate quantities of water and food rations;
- Accounting for all individuals accessing the facility (including participants, shelter operator staff, supportive service partners and volunteers) for all entry and exits that include sign-in/out information;
- At least 1 staff member per shift that has been trained in emergency response and has an up-to-date certification for CPR (cardiopulmonary resuscitation) and emergency first aid procedures;
- Staff and participant first aid kits on-site for non-emergency first aid;¹
- Crisis Intervention for emergency situations requiring staff to access emergency services such as 911 calls, police reports, or for performing other non-violent interventions; and
- Critical incident documentation and reporting.

Shelter Providers procuring security must provide training to the security staff on agency safety protocols, and policies and procedures for escalations requiring security intervention.

¹ For list of minimally acceptable number and type of first-aid supplies, please follow this link: <https://www.osha.gov/laws-regs/regulations/standardnumber/1910/1910.266AppA>.

1.2.19. Communicable Diseases

Shelter Providers must develop written policies and procedures that address universal precautions, tuberculosis control, disease prevention, epidemic response, and biohazard practices, which are in compliance with Health Care Agency guidelines.

Shelter Providers must comply with universal precautions, proper sharps disposal, provide personal protective equipment (PPE) and provide training to staff. Shelter providers must ensure that shelter services, bed location, and common space comply with minimum standards for health and safety as provided by the CDC, California Department of Public Health, and the OC Health Care Agency.

2. Supportive Services

2.1. Case Management Access

Shelter Providers are required to have case management available to participants on site.

Participation within case management is voluntary to program participants, however all participants must be offered case management and must be engaged on an ongoing basis to encourage participation. Shelter Providers should recognize that it may take multiple contacts before a participant is ready to engage.

Shelter Providers must ensure case management services are participant-centered to individual needs. Programs must provide space for the provision of case management that works to create as much privacy and confidentiality as possible.

2.2. Assessments

Shelter Providers must provide a standard assessment which includes an evaluation of the participant's service needs, including information about past and current service needs. Assessments must provide opportunity to identify any barriers or issues that may impact the participant's ability to successfully engage in services, including barriers arising from trauma and/or disabilities. Assessments must also be designed to identify additional supports and resources that participants should be referred/aligned with.

Shelter Providers must work with the Health Care Agency to inform participants of the availability of additional clinical assessments/screenings. Providers may also request additional screenings by the behavioral health team, or by the Comprehensive Health Assessment Team-Homeless (CHAT-H) Public Health Nurse team to screen for increased care supports and resources. Programs must allow the County to post notice in each facility informing participants of these available additional assessments.

2.3. Housing Plans

Shelter Providers must work with participants to create a housing plan within 30-days of admission to the shelter. Plans should focus on finding permanent housing for each participant and the staff and programs that will be supporting them in their goals. If a participant is unable or refuses to complete a housing plan, that must be documented.

Housing plans must identify the participant's needs, goals, actions to be taken, and progress towards goals. The housing plan must be focused on working with participants to have a positive shelter stay that is as

short as possible. The housing plan must be updated as the participant's needs and/or goals shift, and as progress is completed towards their goals.

Program staff must continue to engage participants who do not progress towards their housing goals. Engagement to participants not progressing must occur no less than once every two weeks, and must be documented.

2.4. Housing Focused Services

Shelter Providers are expected to engage participants in a wide range of service needs, including, but not limited to: employment/benefits, health, substance use, mental health, legal issues and transportation. Program staff should regularly engage participants on how these various other service areas are in support of their overall housing goal and allow these providers to meet with participants on the shelter site. Housing must be the primary focus of shelter staff.

2.5. Services, Referrals and Linkages

Case Management services should be available as needed for participants. Although services are voluntary within shelter programs, it is the responsibility of program staff to actively engage participants for case management services no less than once per month.

The purpose of the shelter system is to provide stable setting and supports that assist participants toward a permanent housing outcome. The responsibility of engagement is held with the Shelter Provider, and progress towards service/housing plan goals must be evaluated individually based on a participant's unique circumstances. Shelter Providers must operate in a participant-centered approach and work to engage participants that may be hesitant or resistant to actively participate in the services being offered.

If participants are not engaging in supportive services and are not able to express or demonstrate any progress towards service/housing goals, then shelter staff should engage with the participant in conversation around their needs and what changes could be reasonably made to assist the person with their needs. Engagement discussion should include all options that could benefit the participant including on-site services, alternative shelters or supportive services.

Programs must be able to meet a wide range of needs for participants and must maintain a network of resources that they are able to refer and link participants to. Shelter operators must either provide the following services or have linkages to:

- Identification and vital document support
- Enrollment in to mainstream benefits (TANF, SSI/SSDI, health insurance, VA health care, etc.)
- Health services (physical health, mental health and substance use)
- Employment and vocational services
- Legal assistance
- Childcare
- Life skills and coaching

When a referral is made to an outside resource or service, program staff must provide a warm hand-off/connection and a follow-up inquiry to ensure the linkage has been made. If linkage is unsuccessful, staff must support in finding other possible resource options.

2.6. Transportation

Shelter Provider must make reasonable efforts to address transportation needs for participants. Transportation needs can be met through direct transport, public transportation fare or through supporting participants with learning how to use and access public transportation.

Programs should be assisting participants who are eligible to access reduced public transportation fare.

Transportation provided by shelter operators must be ADA compliant and have the ability to support participants with mobility devices without staff physically providing the transfer.

3. Staff Training

Shelter Providers must establish a policy and procedure for onboarding new staff, including documentation of all trainings, and ensure regular updates to the annualized training completed by staff.

Shelter Providers must complete mandatory staff trainings regarding safety, compliance and quality services provisions to best address the complex needs of the homeless populations served.

All shelter and/or specialized staff must receive training upon hire or upon request by the County, city and/or funder to ensure competency within the following core areas:

- A. Program Operational Standards
- B. Effective Communication
- C. Evidence-Based Practices
- D. Facility, Health and Safety Practices
- E. Anti-discrimination, Equity Practices
- F. ADA Compliance

Shelter Providers must ensure all new employees and/or specialized staff complete the following mandatory trainings:

- Mandated Child/Elder Abuse Reporting
- Privacy and Confidentiality
- Due Process/Grievance Process
- ADA Compliance/Reasonable Accommodation
- Emergency Evacuation/Incident Management
- First Aid/Universal Precautions/CPR
- Domestic Violence & Safety Planning
- Cultural Humility
- Harassment
- Equal Access and Gender Identity
- Mental Health First Aid

- Trauma-Informed Care
- Harm Reduction
- Motivational Interviewing
- Problem Solving and Diversion Intervention
- Crisis Intervention and De-escalation Training
- Housing First Principles

Certificates and other documentation that verify training attendance must be maintained for each employee and documented in the contracted agency files.

Shelter Providers must be able to provide proof that appropriate staff have been trained in the legal requirements of being a mandated reporter, reporting any suspicion of abuse or neglect to relevant authorities as required by law.

4. Facility Standards

4.1. Facility Standards for Emergency Shelter

Structure and materials:

- The shelter building is structurally sound to protect the participants from the elements and not pose any threat to the health and safety of the participants.
- Shelter Providers have site control demonstrated by either a fully executed lease, or proof of ownership.
- Shelter Provider can produce the most recent public health permit and fire department permit.

Interior air quality:

- Each room or space within the shelter has a natural or mechanical means of ventilation. The interior air is free of pollutants at a level that might threaten or harm the health of participants.

Water supply:

- The shelter's water supply is free of contamination and freely available for participants.

Thermal environment:

- The shelter has any necessary heating/cooling facilities in proper operating condition.

Illumination and electricity:

- The shelter has adequate natural or artificial illumination to permit normal indoor activities and support health and safety.
- There are sufficient electrical sources to permit the safe use of electrical appliances in the shelter.

Sanitary facilities:

- Each participant in the shelter has access to sanitary facilities, including sinks, showers, and toilets and accompanying items that are in proper operating condition, are private, and are adequate for personal cleanliness and the disposal of human waste.
- Programs must establish a housekeeping and maintenance plan that ensures a safe, sanitary, clean and comfortable environment.
- All sites must have an inspection for rodents and insects by a certified pest control company, at least twice annually, and as needed. If an infestation is found, the Shelter Provider must fumigate and make appropriate reasonable accommodations for the participants.
- The shelter provides trash receptacles throughout the facility and ensures trash is taken out of the facility at regular intervals.

Food preparation:

- Food preparation areas, if any, contain suitable space and equipment to store, prepare and serve food in a safe and sanitary manner.

Fire safety:

- There is at least one working smoke detector in each occupied unit of the shelter. Where possible, smoke detectors are located near sleeping areas.
- All public areas of the shelter have at least one working smoke detector.
- The fire alarm system is designed for hearing-impaired participants.
- There is a second means of exiting the building in the event of fire or other emergency.
- All fire extinguishers must be fully charged and labeled.
- Facilities must have an annual fire inspection conducted by the fire department.
- Fire drills must be conducted annually.
- Shelter Providers must keep a log of all inspections, approvals and fire drills.

Emergency:

- Emergency numbers and evacuation routes must be posted in all common areas in the facility in case of an emergency.
- Emergency exits are clear and operating.

4.2. ADA Facility Standards

Shelter Providers must have operating facility standards and policies to ensure that facilities, inside and out, have been assessed for inaccessible facility-based areas and reasonable accommodations and physical modifications have been identified and developed to ensure participants with a disability have equal access and full inclusion of services.

Shelter Providers must work to ensure the following accessibility standards are met. The County recognizes that not all existing shelters can reasonably accommodate all disability-related needs, however, shelter operators will be required to identify those areas where there is not adequate access and develop reasonable accommodation and modification plans and policies. Individuals denied access to a shelter

because of inaccessibility must be offered an indoor alternative within their service planning area. Alternatives may include motel/hotel, other shelters, or higher level of care facilities.

Some participants may require reasonable accommodations or reasonable modifications to the premises in addition to required accessible features.

- Facilities must be accessible to participants with disabilities.
- Facilities must not have areas, in or out of the property, with broken, raised, or uneven sidewalks or walkways, or stairs or steps with no identified accessible pathway to the entrance and/or curb cuts.
- Entry into the facility must be accessible to participants with limited mobility, including participants who use wheelchairs, scooters, or manually-powered mobility aids such as walkers, crutches or canes.
- The exterior of the facility must be accessible for participants with disabilities when approaching, entering or inside the location.
- Shelter Provider must provide at least one restroom with at least one stall with a 5-foot turning radius.
- All restrooms established under this section must have handles for an individual using a mobility device to move themselves without assistance.
- If parking is available at the facility, programs must provide at least one ADA accessible van parking space for every 25 non-accessible parking spaces. The accessible space must provide enough room for a van with a hydraulic lift to operate without any issue.
- All fire alarm systems and fire extinguishers must be no more than 48 inches from the ground for easy access in case of an emergency.
- All programmatic areas must be accessible for an individual with a mobility device.
- Shelter Provider must provide at least one shower accessible for those with a mobility device, regardless of gender.
- Shelter Provider sites must provide at least one accessible roll-in shower or at least two transfer ADA shower seats.
- Shelter Provider must provide accessible beds for persons with mobility disabilities designed for easy access to beds from common spaces and easy transfer from a mobility device.
- If there are common/communal areas located at the facility, they must be accessible for all participants, including those with mobility devices.
- If there is a dining area located in the facility, it must be accessible for all participants, including those with mobility devices.
- Doors within the facility must be equipped with a handle which can be opened with a closed fist rather than a knob.
- Accessibility postings must be posted in plain sight in a common area of the facility.
- Please use this link for further details on how to assess the site for ADA compliance: <https://www.adachecklist.org/doc/fullchecklist/ada-checklist.pdf>.

4.3. Hygiene Products

Shelter Providers must provide participants access to sinks, showers toilets and accompanying items. Shelter operator must ensure that hygiene and toiletry items are given to participants, or given upon request, and at a minimum:

- Towels
- Soap
- Deodorant
- Toilet tissue
- Feminine hygiene products
- Disposable razors
- Toothpaste and toothbrush

Shelter Providers must ensure that all sheets, towels and blankets are laundered weekly or more frequently as needed.

If applicable, washers and dryers shall be provided free of charge to participants and include access to free detergent. If laundry equipment is not provided on-site, shelter operator must support participants with accessing laundromat services.

ADA requirements for showers and restrooms can be found in Section: IV b. ADA Facility Standards.

4.4. Hazardous Materials

Shelter Providers must have policies and procedures with regard to proper hazardous material clean-up and removal. Shelter Providers must ensure that staff have the proper biohazard equipment for cleaning and disposal.

Shelter Providers must provide accommodations to participants in the event hazardous material poses a health and safety risk to participants and staff.

Shelter Providers must maintain a documentation log for hazardous material circumstances.

Shelter Providers will make available Safety Data Sheets (SDS) which provide information on chemicals, describing the hazards the chemicals present.

5. Administration

5.1. Policies and Procedures

Executive and administrative staff are responsible for ensuring that a comprehensive set of policies and procedures are updated at minimum on an annual basis; however, policies and procedures must be updated any time there is a significant change within program operations. Program and procedural updates must be shared with the County Administrative Entity for review to ensure that required policy and procedure areas have been adequately covered.

Shelter Providers are required to have a process for how staff are trained and access information within the policies and procedures.

5.2. Staffing

Shelter Providers must maintain a clear and comprehensive job description for all positions working within or supporting the emergency shelter.

Shelter Providers must maintain an organizational chart which identifies positions attached to the emergency shelter and a supporting documentation to show where each position is being funded from.

Program staff must have a way of being identifiable to program participants. This can be done through uniform attire or identification badges. Programs that operate confidential locations serving participants fleeing domestic violence will be exempted from this requirement.

Programs must have a conflict of interest policy and make staffing adjustments as necessary to minimize the potential of circumstances that create a conflict of interest, including personal and familial relationships. Conflict of Interest policies must have expectations for reporting and ways in which staff can alert program management of potential conflicts, and how program management will monitor and assess the conflict.

5.3. HMIS Participation and Documentation

Shelter Providers must actively document within the HMIS and do so within accordance with the HMIS Policies and Procedures. Programs are required to document enrollments and exits in HMIS within a 24-hour period for the purpose of live bed management.

Shelter Providers must maintain participant records that include documentation of all participant intake paperwork, assessments, housing plans, referrals, interventions, placements or follow-up activities.

5.4. Document Storage and Retention

Files containing participant information shall be stored in a locked and safe location that maintains participant confidentiality. Only authorized personnel can access the location where files are being kept.

Shelter Providers are required to have policies and procedures that detail the length of time and manner in which participant documents are retained.

Shelter Provider must have policies and procedures that detail how release of information requests are processed for participant information.

5.5. Quality Assurance

Shelter Providers must have a quality assurance plan that assures adherence to the overall program policies and procedures. The quality assurance plan must outline a process for the integration of participant feedback on program operations and to any revisions to policies and procedures.

5.6. Program Monitoring

Shelter Providers can expect the County to monitor their program annually to ensure adherence to the Standards of Care outlined in this document. Any findings identified by the County during program monitoring must be quickly resolved.

5.7. Reporting

Programs are required to be timely on any required reporting, including but not limited to: program outcomes, program invoicing, incident reports and key staffing changes. If a program is not able to meet

the deadline for a required report, the program administration must provide notice and an estimated time frame of when they will be able to submit reporting.

5.8. Waivers

Programs must follow all requirements within the Standards of Care, as well as those identified within their direct contract. If for any reason a program is unable to meet a standard of care, they may request a waiver. Waiver requests will consider the impact for participants receiving services and what reasonable program adjustments can be made to minimize that impact on program participants.

The County will work with programs to find ways in which to meet the Standards of Care or when not possible to find solutions that have minimal impact for participants. The County will provide written documentation on all waiver approvals and denials along with reasoning.

County of Orange Health Care Agency, Office of Care Coordination Shelter Grievance Process

The Shelter Grievance Process document is intended to provide Shelter Participants information on their grievance rights and an overview of the process. The County of Orange (County) appreciates feedback and takes grievances seriously. The County will work to resolve Participant grievances in a transparent and efficient manner.

If you as a Shelter Participant are unsure of how to access the shelter grievance process within the shelter you are staying, you can reference the information provided during the intake process, ask a shelter staff member, or review grievance information posted in the common areas of the shelter. If at any time during the process you experience difficulty with the shelter grievance process, please reference the Contact Information in Step 3 (below) to contact the County directly via telephone, email and/or mail.

STEP 1: Shelter Grievance Process

Participants that have a grievance with a shelter must first start by filing their grievance directly with the shelter operator and complete the shelter's grievance process .

The Shelter Operator has three (3) business days to contact the participant after submitting their grievance and (ten) 10 business days to supply a written response to the grievance.

STEP 2: Shelter Appeal Process

Participants that have completed the shelter's grievance process and received a written response, but still have concerns with the shelter's response, have a right to request an appeal of that decision, and request a secondary review of the grievance from the Shelter Operator's leadership.

Leadership responsible for the appeal process have three (3) business days to contact the participant after submitting their grievance appeal, and (ten) 10 business days to provide the participant a written decision for the appeal.

STEP 3: County of Orange Grievance Appeal Process

Participants have a right to contact the County for an additional appeal process, once participants have completed the shelter provider's grievance **AND** appeal process.

The County's grievance appeal process is designed to review the shelter's grievance and appeal process as well as review the Shelter Operator's written responses, and ensure that the Shelter Operator is adhering to their grievance policies, as well as their operations are in compliance with the County Standards of Care.

In order to begin this process please contact the County:
