FROM: GAGANDEEP GREWAL, MD, ASSOCIATE EMS MEDICAL DIRECTOR
JESSE ALLURED, ASSISTANT EMS DIRECTOR
ORANGE COUNTY HEALTH CARE AGENCY

SUBJECT: MEDICAL SURGE PLAN ANNEX: COVID-19/FLU

Dear HCCOC:

As you may be aware, the Health Care Agency (HCA) has completed the revisions to the current Medical Surge Plan Annex, which is a part of the larger HCA Emergency Operations Plan (EOP) and have developed a new COVID-19/Flu Plan document. This plan was written/updated in consultation with staff from OCHCA as well as members of the HCCOC patient care stakeholders. Thank you to those who helped drive these changes! We sincerely appreciate your input, suggestions and expertise as we folded-in real-time COVID-19/Flu mitigation strategies.

This plan now includes a checklist tool to assist provider agencies with patient surge demands from COVID-19/Flu including but not limited to the following:

- Hospitals;
- Skilled Nursing Facilities;
- Dialysis Centers;
- Pediatric Care;
- Federally Qualified Health Centers;
- Behavioral Health Centers;
- Urgent Care Centers; and
- COVID-19/Flu Surge Response Process
