In addition, she shared concern for the lack in educating parents in our schools on the value of Naloxone and how to prevent overdoses. We have a Drug MediCal (DMC) Organized Delivery System (ODS) audit coming up and we will provide you with those results as they are available. We are in negotiations for a provider for perinatal services and hope to have a provider soon. We are also applying for the second round of the Prop 47 Grant, which will include a lot more substance use disorder (SUD) intervention for those individuals being released from jail.
