# Health Care Coalition of Orange County

## Advisory Committee

### Outpatient - Clinics & Surgery Centers

Thursday, September 8, 2022 – 1:00 p.m. to 2:00 p.m.

Location: Zoom

## Minutes

#### I. CALL TO ORDER

- The meeting was called to order by Adriana Nieto-Sayegh at 1:04 p.m.

#### II. INTRODUCTIONS/ANNOUNCEMENTS

- Group introductions. Attendance information obtained from Zoom participant report.

#### III. APPROVAL OF MINUTES

- The March 10, 2022 minutes were approved

#### IV. EMS/HEM REPORT

- COVID positivity case rates are decreasing gradually (14 cases per 100k); hospitalizations are coming down.
- SNF/LTC outbreaks are also down.
- The predominant strain is still Omicron; however, we have switched variants from BA1 to BA2 and now swapped over to BA5, which is prominent.
- There's another variant cropping up, BA.4.6, and that is not a big issue yet in California.
- The new booster that was delivered this week covers BA4 and BA5 variants.
- Monkeypox case rates are increasing; 170 cases are in OC, and most cases are in LA and San Francisco. It should be leveling off soon.
- The AOC has a surplus of PPE, and we must reduce inventory in our warehouse. If you need gowns and face masks; reach out to us.
- We have BinaxNOW professional use test kits. If interested, reach out to us through our resource request process.
- We have a large allocation of over the counter test kits available. We are limiting the distribution of these to those who are serving the disadvantaged population or uninsured. Please reach out to us if you have a need
- HEM has three new team members: Chad Cossey, Chris Schuldes, and Justin Newton. Chad brings expertise and experience specific to the healthcare coalition and HPP.
- We are planning drills and exercises, and Eddie Morales is the lead, and Chad works in support of Eddie
- We are starting a 5-year grant cycle through CDPH and waiting for funding.
- We need to increase participation and engagement. Interact with your peers and encourage them to sign up with the coalition.
- We are trying to get more funding to bring back Hal Kempfer, a subject matter expert in disaster and emergency preparedness.

#### V. OLD BUSINESS

- Chad Cossey did a PSPS for Southern California Edison overview  
PSPS Outage Center: <https://www.sce.com/outage-center/check-outage-status>

- Chad Cossey did a ReddiNet overview
- ReddiNet is offering training on September 29 at 10 am, 2 pm, and 8 pm - link is below
