## Emergency Services

Emergency services are covered 24 hours a day and 7 days a week. If you think you are having a health-related emergency, call 911 or go to the nearest emergency room for help.

Emergency Services are services provided for an unexpected medical condition, including a psychiatric emergency medical condition.

An emergency medical condition is present when you have symptoms that cause severe pain or a serious illness or an injury, which a prudent layperson (a careful or cautious non-medical person) believes could reasonably expect without medical care could:

- Put your health in serious danger, or
- If you are pregnant, put your health or the health of your unborn child in serious danger, or
- Cause serious harm to the way your body works, or
- Cause serious damage to any body organ or part.

You have the right to use any hospital in the case of an emergency. Emergency services never require authorization.

## Who Do I Contact If I'm Having Suicidal Thoughts?

If you or someone you know is in crisis, please call the **National Suicide Prevention Lifeline at 988 or (800) 273-TALK (8255)**.

For local residents seeking assistance in a crisis and to access local mental health programs, please **call (877) 727-4747 (7-CRISIS)**. You can also go to Orange County's website: <http://www.ochealthinfo.com/bhs/about/pi/crisis/hotline> .

## Why Is It Important To Read This Handbook?

Welcome to Orange County's Drug Medi-Cal Organized Delivery System (DMC-ODS). We refer to this system as the "County Plan" throughout this handbook. The County Plan provides substance use disorder (SUD) treatment services for all eligible Medi-Cal beneficiaries who reside in Orange County.

*Our mission is to prevent substance use and mental health disorders; when signs are present, to intervene early and appropriately; and when assessments indicate that treatment is required, to provide the right type of treatment, at the right place, by the right person/program to help individuals to achieve and maintain the highest quality of health and wellness.*

As a beneficiary, your plan offers a full range of SUD treatment services to you when they are medically necessary.

The County Plan requires for treatment placement decisions to follow the criteria established by the American Society of Addiction Medicine (ASAM). There are several ways you can access SUD services from your plan. Upon your request for services, the County Plan will arrange for you to receive an ASAM based assessment to determine the correct type of services you need and to help get you started as soon as possible. In many cases, your eligibility to access services can be determined and approved immediately. However, certain types of services, such as residential services or out of network services require prior authorization. Your County Plan provider will help guide you through that process, if necessary.

It is important that you understand how the Drug Medi-Cal Organized Delivery System County plan works so you can get the care you need. This handbook explains your benefits and how to get care. It will also answer many of your questions.

You will learn:

- How to receive substance use disorder treatment services through your county Drug Medi-Cal Organized Delivery System plan
- What benefits you have access to
- What to do if you have a question or problem
- Your rights and responsibilities as a beneficiary of your Drug Medi-Cal Organized Delivery System County

If you don't read this handbook now, you should keep this handbook so you can read it later. Use this handbook as an addition to the beneficiary handbook that you received when you enrolled in your current Medi-Cal benefit. Your Medi-Cal benefit could be with a Medi-Cal managed care plan or with the regular Medi-Cal "Fee for Service" program.

## **As A Beneficiary Of Your Drug Medi-Cal Organized Delivery System County Plan, Your Drug Medi-Cal Organized Delivery System County Is Responsible For:**

- Determining if you meet access criteria for Drug Medi-Cal Organized Delivery System County services from the county or its provider network.
- Coordinating your care with other plans or delivery systems as needed to facilitate care transitions and guide referrals for beneficiaries, ensuring that the referral loop is closed, and the new provider accepts the care of the beneficiary.
- Providing a toll-free phone number that is answered 24 hours a day and 7 days a week that can tell you about how to get services from the Drug Medi-Cal Organized Delivery System County. You can also contact the **Drug Medi-Cal Organized Delivery System County at (855) 625-4657** to request the availability of after-hours care.

- Having enough providers close to you to make sure that you can get the substance use disorder treatment services covered by the Drug Medi-Cal Organized Delivery System County if you need them.
- Informing and educating you about services available from your Drug Medi-Cal Organized Delivery System County.
- Providing you services in your language or by an interpreter (if necessary) free of charge and letting you know these interpreter services are available.
- Providing you with written information about what is available to you in other languages or formats. This handbook and other beneficiary informing materials are also available in all County threshold languages, which are Arabic, Farsi, Korean, Spanish, Vietnamese, and Chinese. These materials are also available in large print and audio, upon request. You will be offered these materials at the time you enter any program. At that time, you may request a printed copy of these materials, and you will be provided with the internet link to the same materials. In addition, at any time, you may request these materials from your provider. To access your beneficiary informing materials online, follow this link: [www.ochealthinfo.com/DMC-ODS](http://www.ochealthinfo.com/DMC-ODS)
- Providing you with notice of any significant change in the information specified in this handbook at least 30 days before the intended effective date of the change. A change would be considered significant when there is an increase or decrease in the amount or type of services that are available, or if there is an increase or decrease in the number of network providers, or if there is any other change that would impact the benefits you receive through the Drug Medi-Cal Organized Delivery System County.
- Informing you if any contracted provider refuses to perform or otherwise support any covered service due to moral, ethical, or religious objections and informing you of alternative providers that do offer the covered service.
- Ensuring that you have continued access to your previous and current out-of-network provider for a period of time if changing providers would cause your health to suffer or increase your risk of hospitalization.

You can access your Member Services staff by calling **(855) 625-4657, Monday through Friday** from **8:00 AM to 6:00 PM**.

The County Plan's Beneficiary Access Line (BAL) also staffs and operates a toll-free Access Line **24 hours a day, 7 days per week**. You can reach the BAL **anytime by calling (800) 723-8641**.

Both lines are staffed by clinicians who speak the prevalent non-English (threshold) languages of the majority of callers in Orange County which are Arabic, Farsi, Korean, Spanish, Vietnamese, and Chinese. Interpretation for other languages is available upon request.

For callers who may require language translation services, your Plan utilizes a telephone Language Line or equivalent interpreter services. The California Relay Service, which is ADA compliant and provides the full range of relay services including use of TTY, is used for Deaf / Hard of Hearing callers. **You can reach the Relay Service Voice or TTY in English or Spanish by calling (800) 855-7100**.

In addition, the Video Relay Service (VRS) for Deaf / Hard of Hearing is available **24 hours a day, 7 days per week**. VRS connects automatically when a Deaf / Hard of Hearing videophone user calls or is contacted.

For questions about **Utilization Management**, call **(714) 834-5601, Monday through Friday** from **8:00 AM to 5:00 PM**.

## **Information for Beneficiaries Who Need Materials In A Different Language**

All written materials are available in the County's threshold languages. Information on how to access interpreting services is available in all threshold languages at every treatment location. When necessary, the plan also utilizes a telephone Language Line

that offers translation services in all languages. Ask your provider for any materials you wish to receive in another language.

## Information for Beneficiaries Who Have Trouble Reading

All informing materials are available in alternative formats, such as large print or audio. You can ask your provider for these versions anytime, and you can also access these materials anytime by clicking on this link: [www.ochealthinfo.com/DMC-ODS](http://www.ochealthinfo.com/DMC-ODS)

## Information for Beneficiaries Who Are Hearing Impaired

### What are Drug Medi-Cal Organized Delivery System County Services?

Drug Medi-Cal Organized Delivery System County services are health care services for people who have a substance use disorder or, in some instances, are at risk of developing a substance use disorder that the regular doctor cannot treat. You can refer to the “Screening, Brief Intervention, Referral to Treatment and Early Intervention Services” section of this notice for further information.

Drug Medi-Cal Organized Delivery System County services include:

- Outpatient Treatment Services
- Intensive Outpatient Treatment Services
- Partial Hospitalization Services (currently not available in Orange County, but minors may be eligible for the service under Early and Periodic Screening, Diagnostic, and Treatment regardless of their county of residence)
- Residential/Inpatient Treatment Services (subject to prior authorization by the county)
- Withdrawal Management Services
- Narcotic Treatment Program Services
- Medications for Addiction Treatment (MAT)
- Recovery Services
- Peer Support Services (only available for adults in certain counties, but minors may be eligible for the service under Early and Periodic Screening, Diagnostic, and Treatment irrespective of their county of residence)
- Care Coordination Services
- Contingency Management (only available in some counties)

If you would like to learn more about each Drug Medi-Cal Organized Delivery System service that may be available to you, see the descriptions below:

Call your DMC-ODS County toll-free at **855.625.4657, Monday-Friday, 8 a.m. to 6 p.m.** of visit online at <http://www.ochealthinfo.com/DMC-ODS>. The Beneficiary Access Line operates anytime (24/7) at the toll-free **Access Line at 800.723.8641**.

## Outpatient Treatment Services

- Counseling services are provided to beneficiaries up to nine hours a week for adults and less than six hours a week for beneficiaries under the age of 21 when medically necessary. Services may exceed the maximum based on individual medical necessity. Services can be provided by a licensed professional or a certified counselor in any appropriate setting in the community in person, by telephone, or by telehealth.
- Outpatient Services include assessment, care coordination, counseling, family therapy, medication services, Medications for Addiction Treatment for opioid use disorder, Medications for Addiction Treatment for alcohol use disorder and other non-opioid substance use disorders, patient education, recovery services, and substance use disorder crisis intervention services.
- Outpatient Drug Free (ODF) services are available at county and contract operated programs throughout the county. Outpatient clinics are open Monday through Friday from 8:00 am 6:00 pm, with evening hours at least one night per week at most locations. Some contract providers also offer outpatient services at least 6 hours on Saturdays. See your provider for their specific location hours.
- The adult SUD system of care also offers specialized programs for DMC beneficiaries, in partnership with other agencies, like Probation, the Collaborative Courts, and the Social Services Agency. Specialized services include Perinatal, Drug Court, DUI Court, AB 109, CalWORKs and Deaf and Hard of Hearing. Most of these specialized programs require direct referrals from the partner agencies.
- Adolescent ODF services are available in each of the regions of the county and are offered in accordance with the current Adolescent Substance Use Disorder Best Practices Guide published by the Department of Health Care Services (DHCS) at this link:  
[https://www.dhcs.ca.gov/Documents/CSD\\_CMHCS/Adol%20Best%20Practices%20Guide/AdolBestPracGuideOCTOBER2020.pdf](https://www.dhcs.ca.gov/Documents/CSD_CMHCS/Adol%20Best%20Practices%20Guide/AdolBestPracGuideOCTOBER2020.pdf)

## Intensive Outpatient Services

- Intensive Outpatient Services are provided to beneficiaries a minimum of nine hours with a maximum of 19 hours a week for adults, and a minimum of six hours with a maximum of 19 hours a week for beneficiaries under the age of 21 when determined to be medically necessary. Services consist primarily of counseling and education about addiction-related problems. Services can be provided by a licensed professional or a certified counselor in a structured setting. Intensive Outpatient Treatment Services may be provided in person, by telehealth, or by telephone.
- Intensive Outpatient Services include the same components as Outpatient Services. The increased number of hours of service is the main difference.
- Intensive Outpatient Treatment (IOT) services are available at county and contract operated programs throughout the county. IOT clinics are open Monday through Friday from 8:00 am 6:00 pm, with evening hours at least one night per week at most locations. Some contract providers also offer outpatient services at least 6 hours on Saturdays. See your provider for their specific location hours.
- The adult SUD system of care also offers specialized programs for DMC beneficiaries, in partnership with other agencies, like Probation, the Collaborative Courts, and the Social Services Agency. Specialized services include Perinatal, Drug Court, DUI Court, AB 109, CalWORKs and Deaf and Hard of Hearing. Most of these specialized programs require direct referrals from the partner agencies.
- Adolescent IOT services are available in each of the regions of the county and are offered in accordance with the current Adolescent Substance Use Disorder Best Practices Guide published by the Department of Health Care Services (DHCS) at this link:  
[https://www.dhcs.ca.gov/Documents/CSD\\_CMHCS/Adol%20Best%20Practices%20Guide/AdolBestPracGuideOCTOBER2020.pdf](https://www.dhcs.ca.gov/Documents/CSD_CMHCS/Adol%20Best%20Practices%20Guide/AdolBestPracGuideOCTOBER2020.pdf) . When medically necessary, adolescents may obtain additional services, under the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) benefit. For more information about this benefit, see the EPSDT section below.

**Partial Hospitalization** (only available for adults in certain counties, but minors may be eligible for the service under Early and Periodic Screening, Diagnostic, and Treatment irrespective of their county of residence)

- Partial Hospitalization services feature 20 or more hours of clinically intensive programming per week, as medically necessary. Partial hospitalization programs typically have direct access to psychiatric, medical, and laboratory services, as well as meeting the identified needs which warrant daily monitoring or management, but which can be appropriately addressed in a clinically intensive outpatient setting. Services may be provided in person, by synchronous telehealth, or by telephone.
- Partial Hospitalization services are similar to Intensive Outpatient Services, with an increase in the number of hours and additional access to medical services being the main differences.
- The Orange County Plan does not offer this level of care.

**Residential Treatment** (subject to authorization by the county)

- Residential Treatment is a non-institutional, 24-hour non-medical, short-term residential program that provides rehabilitation services to beneficiaries with a substance use disorder diagnosis when determined as medically necessary. The beneficiary shall live on the premises and shall be supported in their efforts to restore, maintain, apply interpersonal and independent living skills, and access community support systems. Most services are provided in person; however, telehealth and telephone may also be used to provide services while a person is in residential treatment. Providers and residents work collaboratively to define barriers, set priorities, establish goals, and solve substance use disorder related problems. Goals include sustaining abstinence, preparing for relapse triggers, improving personal health and social functioning, and engaging in continuing care.

- Residential services require prior authorization by the Drug Medi-Cal Organized Delivery System County.
- Residential Services include intake and assessment, care coordination, individual counseling, group counseling, family therapy, medication services, Medications for Addiction Treatment for opioid use disorder, Medications for Addiction Treatment for alcohol use disorder and other non-opioid substance use disorders, patient education, recovery services, and substance use disorder crisis intervention services.
- Residential Services providers are required to either offer medications for addiction treatment directly on-site or facilitate access to medications for addiction treatment off-site during residential treatment. Residential Services providers do not meet this requirement by only providing the contact information for medications for addiction treatment providers. Residential Services providers are required to offer and prescribe medications to beneficiaries covered under the Drug Medi-Cal Organized Delivery System.
- You may access Residential treatment for as long as this is medically necessary. Your provider will request authorization for your treatment from the County's authorization unit and once approved, you will be eligible to receive the full scope of services. If your condition requires you to stay in residential treatment for more than 30 days, your provider will complete assessment documentation to substantiate this need at no less than 30-day intervals. However, additional re-authorization of services is not required. You can find the current procedure for Residential treatment authorization posted on the County's Policies and Procedures (P&P) webpage, found here: [www.ochealthinfo.com/bhs/pnp](http://www.ochealthinfo.com/bhs/pnp)

## Inpatient Treatment Services (varies by county)

- Inpatient services are provided in a 24-hour setting that provides professionally directed evaluation, observation, medical monitoring, and addiction treatment in an inpatient setting. Most services are provided in person; however, telehealth

and telephone may also be used to provide services while a person is in inpatient treatment.

- Inpatient services are highly structured, and a physician is likely available on-site 24 hours daily, along with Registered Nurses, addiction counselors, and other clinical staff. Inpatient Services include assessment, care coordination, counseling, family therapy, medication services, Medications for Addiction Treatment for opioid use disorder, Medications for Addiction Treatment for Alcohol use disorder and other non-opioid substance use disorders, patient education, recovery services, and substance use disorder crisis intervention services.

## Narcotic Treatment Program

- Narcotic Treatment Program are outpatient programs that provide FDA-approved drugs to treat substance use disorders when ordered by a physician as medically necessary. Narcotic Treatment Programs are required to offer and prescribe medications to beneficiaries covered under the Drug Medi-Cal Organized Delivery System formulary including methadone, buprenorphine, naloxone, and disulfiram.
- A beneficiary must be offered, at a minimum, 50 minutes of counseling sessions per calendar month. These counseling services can be provided in person, by telehealth, or by telephone. Narcotic Treatment Services include assessment, care coordination, counseling, family therapy, medical psychotherapy, medication services, Medications for Addiction Treatment for opioid use disorder, Medications for Addiction Treatment for alcohol use disorder and other non-opioid substance use disorders, patient education, recovery services, and substance use disorder crisis intervention services.
- NTP services are available to adults, 18 years of age and older, seven (7) days a week and are provided by licensed NTP facilities. Adolescents, ages 12 to 17, may also access NTP services in some cases when appropriate and with proper

parental/legal guardian consent. You must be a resident of Orange County to receive NTP services in Orange County NTP sites.

- Courtesy dosing of Orange County residents at other counties occurs on a case-by-case basis, and the process is determined by the county providing the courtesy dose. Orange County provides courtesy dosing to DMC beneficiaries who are residents of other Counties on a case-by-case basis and when medically necessary. Beneficiaries should contact the NTP to determine the steps that will be needed to obtain an occasional dose outside of their county of residence.

## Withdrawal Management

- Withdrawal management services are urgent and provided on a short-term basis. Withdrawal Management services can be provided before a full assessment has been completed and may be provided in an outpatient, residential, or inpatient setting.
- Each beneficiary shall reside at the facility if receiving a residential service and will be monitored during the detoxification process. Medically necessary habilitative and rehabilitative services are prescribed by a licensed physician or licensed prescriber.
- Withdrawal Management Services include assessment, care coordination, medication services, Medications for Addiction Treatment for opioid use disorder, Medications for Addiction Treatment for alcohol use disorder and other non-opioid substance use disorders, observation, and recovery services.
- Your plan offers residential, non-institutional, non-medical withdrawal management programs that utilize a social model detox system, for a maximum of seven (7) days. At least one provider allows and manages medications brought in and taken by the beneficiary to assist in reducing the discomfort or withdrawal side effects.
- Eligible members can receive Inpatient Withdrawal Management treatment services at sub acute and acute care hospitals, as described above in the Inpatient Treatment Services Section. Acute withdrawal management services

are available 24 hours per day, 7 days week. If you are experiencing acute or severe withdrawal, go to your nearest emergency room.

## Medications for Addiction Treatment

- Medications for Addiction Treatment Services are available in clinical and non-clinical settings. Medications for Addiction Treatment is the use of prescription medications, in combination with counseling and behavioral therapies, to provide a whole-person approach to the treatment of substance use disorders. Medications for Addiction Treatment include all FDA-approved medications and biological products to treat alcohol use disorder, opioid use disorder, and any substance use disorder. Beneficiaries have a right to be offered Medications for Addiction Treatment on-site or through a referral outside of the facility.
- Medications for Addiction Treatment may be provided with the following services: assessment, care coordination, individual counseling, group counseling, family therapy, medication services, patient education, recovery services, substance use disorder crisis intervention services, and withdrawal management services.
- Beneficiaries may access Medications for Addiction Treatment outside of the Drug Medi-Cal Organized Delivery System County as well. For instance, medications for addiction treatment, such as Naloxone, can be prescribed by some prescribers in primary care settings that work with your Medi-Cal Managed Care Plan (the regular Medi-Cal “Fee for Service” program) and can be dispensed or administered at a pharmacy.
- MAT is provided when medically necessary and can occur in conjunction with any of the ASAM levels of care that are covered under the plan. MAT is also offered to beneficiaries in the criminal justice setting to help transition them into one of the DMC-ODS programs to continue their treatment. Care coordinators help coordinate treatment and ancillary services to support these transitions.
- If your provider does not offer MAT services onsite, your provider can help to coordinate and link you with a MAT program, so you can receive MAT services if needed.

## Peer Support Services (varies by county)

- Providing Peer Support Services is optional for participating counties. Orange County has opted into this benefit. Peer services are available in some programs and settings with more coming to the network beginning in 2023.
- Peer Support Services are culturally competent individual and group services that promote recovery, resiliency, engagement, socialization, self-sufficiency, self-advocacy, development of natural supports, and identification of strengths through structured activities. These services can be provided to you or your designated significant support person(s) and can be received at the same time as you receive other Drug Medi-Cal Organized Delivery System services. The Peer Specialist in Peer Support Services is an individual in recovery with a current State-approved certification program and who provides these services under the direction of a Behavioral Health Professional who is licensed, waived, or registered with the State.
- Peer Support Services include educational skill-building groups, engagement services to encourage you to participate in behavioral health treatment, and therapeutic activities such as promoting self-advocacy.
- Peer support services may be provided with you or your significant support person(s) in most settings. The purpose of peers services is to help focus on your treatment needs and goals. You can access peer services at any level of care, and you can receive this support at the same time as other DMC-ODS services.

## Recovery Services

- Recovery Services can be important to your recovery and wellness. Recovery services can help you connect to the treatment community to manage your health and health care. Therefore, this service emphasizes your role in managing your health, using effective self-management support strategies, and organizing internal and community resources to provide ongoing self-management support.

- You may receive Recovery Services based on your self-assessment or provider assessment of relapse risk. Services may be provided in person, by telehealth, or by telephone.
- Recovery Services include assessment, care coordination, individual counseling, group counseling, family therapy, recovery monitoring, and relapse prevention components.
- You are eligible to receive recovery maintenance services to support your ongoing sobriety and/or to support you as you transition out of structured treatment.
- All levels of care of the plan offer recovery services to county beneficiaries whether or not a beneficiary is actively participating in structured SUD treatment. You do not need to be enrolled into a treatment program to access Recovery Services only.
- Recovery Services can also be an ancillary service to other treatment services to help supplement your efforts towards relapse prevention and self-management of your recovery. You may enroll simultaneously in Recovery Services while receiving treatment services at another level of care, including NTP and MAT.
- You can access Recovery Services even if you have not been using drugs or alcohol recently or if you are exiting jail or another institutional setting.

## Care Coordination

- Care Coordination Services consists of activities to provide coordination of substance use disorder care, mental health care, and medical care, and to provide connections to services and supports for your health. Care Coordination is provided with all services and can occur in clinical or non-clinical settings, including in your community.
- Care Coordination Services include coordinating with medical and mental health providers to monitor and support health conditions, discharge planning, and coordinating with ancillary services including connecting you to community-based services such as childcare, transportation, and housing.

- Care Coordination shall be consistent with and shall not violate confidentiality of any member as set forth in Federal and California law.
- Your plan offers care coordination services by licensed, certified or registered staff at all levels of care. Your Care Coordinator/Case Manager can help provide you with advocacy, care coordination to physical health and mental health, assistance with transportation, housing, vocational services, educational and transition services to help get you back on the track you want to be.
- The amount and types of care coordination that beneficiaries receive depend on the person's specific needs, and care coordination is provided in accordance with the person's goals. In some cases, beneficiaries will receive more intense and targeted care coordination services to support their successful participation in SUD treatment services. This will be determined by the beneficiary and the provider, based on the beneficiary's needs. You can always discuss care coordination services with your provider to make sure you are receiving the most benefit out of your plan.

## Contingency Management (varies by county)

Providing Contingency Management Services is optional for participating counties. Orange County is participating in this benefit during the pilot phase.

- Contingency Management Services are an evidence-based treatment for stimulant use disorder where eligible beneficiaries will participate in a structured 24-week outpatient Contingency Management service, followed by six or more months of additional treatment and recovery support services without incentives.
- The initial 12 weeks of Contingency Management services include a series of incentives for meeting treatment goals, specifically not using stimulants (e.g., cocaine, amphetamine, and methamphetamine) which will be verified by urine drug tests. The incentives consist of cash equivalents (e.g., gift cards).
- Contingency Management Services are only available to beneficiaries who are receiving services in a non-residential setting operated by a participating provider

and are enrolled and participating in a comprehensive, individualized course of treatment.

- Beneficiaries should ask their provider if they are offering Contingency Management, also known as “motivational incentives”, if they are interested in this program, as not all county programs are approved Contingency Management providers. Also, to qualify for a contingency management motivational incentive, a client must demonstrate treatment/medication adherence or non-use of substances through evidence (e.g., negative drug test).

## Screening, Assessment, Brief Intervention and Referral to Treatment

Alcohol and Drug Screening, Assessment, Brief Interventions and Referral to Treatment is not a Drug Medi-Cal Organized Delivery System benefit. It is a benefit in Medi-Cal Fee-for-Service and Medi-Cal managed care delivery system for beneficiaries that are aged 11 years and older. Managed care plans must provide covered substance use disorder services, including alcohol and drug use screening, assessment, brief interventions, and referral to treatment (SABIRT) for beneficiaries ages 11 years and older.

## Early Intervention Services

Early intervention services are a covered Drug Medi-Cal Organized Delivery System service for beneficiaries under the age of 21. Any beneficiary under the age of 21 who is screened and determined to be at risk of developing a substance use disorder may receive any service covered under the outpatient level of service as early intervention services. A substance use disorder diagnosis is not required for early intervention services for beneficiaries under the age of 21.

## Early Periodic Screening, Diagnosis, and Treatment

Beneficiaries under the age of 21 are eligible to get the services described earlier in this handbook as well as additional Medi-Cal services through a benefit called Early and Periodic Screening, Diagnostic, and Treatment.

To be eligible for Early and Periodic Screening, Diagnostic, and Treatment services, a beneficiary must be under the age of 21 and have full-scope Medi-Cal. Early and Periodic Screening, Diagnostic, and Treatment cover services that are medically necessary to correct or help defects and physical and behavioral health conditions. Services that sustain, support, improve, or make a condition more tolerable are considered to help the condition and are covered as Early and Periodic Screening, Diagnostic, and Treatment services.

If you have questions about the Early and Periodic Screening, Diagnostic, and Treatment services, please call **Orange County's Children and Youth Services** between 8:00 AM and 5:00 PM at (714) 834-5015 or visit the [DHCS Early and Periodic Screening, Diagnostic, and Treatment webpage](#).

Services offered in the DMC-ODS Delivery System are available by telephone or telehealth, except medical evaluations for Narcotic Treatment Services and Withdrawal Management.

## **Substance Use Disorder Services Available from Managed Care Plans or “Regular” Medi-Cal “Fee for Service” Program”**

Managed care plans must provide covered substance use disorder services, including alcohol and drug use screening, assessment, brief interventions, and referral to treatment (SABIRT) for beneficiaries ages 11 and older, including pregnant members, in primary care settings and tobacco, alcohol, and illicit drug screening. Managed care plans must also provide or arrange for the provision of Medications for Addiction Treatment (also known as Medication-Assisted Treatment) provided in primary care, inpatient hospital, emergency departments, and other contracted medical settings.

Managed care plans must also provide emergency services necessary to stabilize the beneficiary, including voluntary inpatient detoxification.

## Additional County Specific Information

If you have questions about the Substance Use Disorder services available through your regular health plan, contact **CalOptima Customer Service at (714) 246-8500 or (888) 587-8088 or TTY at (800) 735-2929** or ask your primary care physician or health plan administrator.

# HOW TO GET DRUG MEDI-CAL ORGANIZED DELIVERY SYSTEM SERVICES

## How Do I Get Drug Medi-Cal Organized Delivery System Services?

If you think you need substance use disorder treatment services, you can get services by asking the Drug Medi-Cal Organized Delivery System County for them yourself. You can call your county toll-free phone number listed on the front of this handbook. You may also be referred to your Drug Medi-Cal Organized Delivery System County for substance use disorder treatment services in other ways.

Your Drug Medi-Cal Organized Delivery System County is required to accept referrals for substance use disorder treatment services from doctors and other primary care providers who think you may need these services and from your Medi-Cal managed care health plan, if you are a beneficiary. Usually, the provider or the Medi-Cal managed care health plan will need your permission or the permission of the parent or caregiver of a child to make the referral, unless there is an emergency. Other people and organizations may also make referrals to the county, including schools; county welfare or social services departments; conservators, guardians or family members; and law enforcement agencies.

The covered services are available through Orange County's provider network. If any contracted provider objects to performing or otherwise supporting any covered service, Orange County will arrange for another provider to perform the service. Orange County will respond with timely referrals and coordination if a covered service is not available from a provider because of religious, ethical, or moral objections to the covered service. Your county may not deny a request to do an initial assessment to determine whether you meet the criteria to access Drug Medi-Cal Organized Delivery System County services.

Call your DMC-ODS County toll-free at **855.625.4657, Monday-Friday, 8 a.m. to 6 p.m.** of visit online at <http://www.ochealthinfo.com/DMC-ODS>. The Beneficiary Access Line operates anytime (24/7) at the toll-free **Access Line at 800.723.8641**.

Orange County offers an initial screening to determine a beneficiary's appropriate level of care. Beneficiaries are referred to a provider of the level of care identified by the initial screening, and the provider completes a full assessment of the beneficiary's needs, based on the ASAM criteria. If it is determined that the beneficiary is appropriate for the level of care offered by that provider, the provider also completes all the needed enrollment steps to begin offering services to the beneficiary right away. For outpatient services, appointments are offered within 10 days of the initial request. NTP services are offered within 3 days. Residential care requests for treatment authorizations are processed within 24 hours of the provider's initial request.

If the full assessment conducted by the first provider determines that the beneficiary is more appropriate for a level of care other than the one offered by the provider, the provider will work with the beneficiary to connect him or her to the right provider. The plan offers "warm hand offs" to make this process easier. A warm hand off requires the beneficiary's written authorization to disclose (ATD) the beneficiary's protected health information to the receiving provider. This allows network providers to communicate with each other and with the beneficiary to ensure that referrals and linkages to other services are completed successfully.

The plan also offers warm handoffs and linkages to other ASAM levels of care as beneficiaries progress through treatment. A beneficiary may begin treatment in one level of care but then may need to move to another level, either higher or lower. If this is the case, the beneficiary's care coordinator will work with the beneficiary to help transition the beneficiary into the appropriate level of care and will offer a warm hand off. If you have questions about transitions of care and warm hand offs, ask your service provider or call member services.

If you are under 21 years of age, you are also eligible for Early and Periodic Screening, Diagnostic, and Treatment services in any other county across the state.

## After Hours Care

The **24-hour Beneficiary Access Line** at **(800) 723-8641** is available to respond to after-hours calls regarding access to services and to make referrals, as appropriate. If there is an emergency requiring medical care, members may be directed to the 911 system.

If you are already enrolled with a provider, your provider also offers after hours support. Please refer to your enrollment information packet for your specific provider’s after hours contact information.

## How Do I Know When I Need Help?

Many people have difficult times in life and may experience substance use disorder problems. The most important thing to remember is that help is available. If you are eligible for Medi-Cal, and you think you may need professional help, you should request an assessment from your Drug Medi-Cal Organized Delivery System County to find out

Call your DMC-ODS County toll-free at **855.625.4657**, **Monday-Friday, 8 a.m. to 6 p.m.** of visit online at <http://www.ochealthinfo.com/DMC-ODS>. The Beneficiary Access Line operates anytime (24/7) at the toll-free **Access Line at 800.723.8641**.

for sure since you currently reside in a participating Drug Medi-Cal Organized Delivery System County.

## How Do I Know When A Child or Teenager Needs Help?

You may contact your participating Drug Medi-Cal Organized Delivery System County for an assessment for your child or teenager if you think he or she is showing any of the signs of a substance use disorder. If your child or teenager qualifies for Medi-Cal and the county assessment indicates that drug and alcohol treatment services covered by the participating county are needed, the county will arrange for your child or teenager to receive the services.

## When Can I Get Drug Medi-Cal Organized Delivery System County Services?

Your Drug Medi-Cal Organized Delivery System County has to meet the state's appointment time standards when scheduling an appointment for you to receive services from the Drug Medi-Cal Organized Delivery System County. The Drug Medi-Cal Organized Delivery System County must offer you an appointment that meets the following appointment time standards:

- Within 10 business days of your non-urgent request to start services with a substance use disorder provider for outpatient and intensive outpatient services;
- Within 3 business days of your request for Narcotic Treatment Program services;
- A follow-up appointment within 10 days if you're undergoing a course of treatment for an ongoing substance use disorder, except for certain cases identified by your treating provider.

## Who Decides Which Services I Will Get?

You, your provider, and the Drug Medi-Cal Organized Delivery System County are all involved in deciding what services you need to receive through the Drug Medi-Cal

Organized Delivery System County. A substance use disorder provider will talk with you, and through their assessment they will help determine which services are appropriate based on your needs.

A substance use disorder provider will evaluate whether you have a substance use disorder and the most appropriate services for your needs. You will be able to receive the services you need while your provider conducts this assessment.

If you are under the age of 21, the Drug Medi-Cal Organized Delivery System County must provide medically necessary services that will help to correct or improve your mental health condition. Services that sustain, support, improve, or make more tolerable a behavioral health condition are considered medically necessary.

## **Additional County Specific Information**

There are multiple ways for you to access Drug Medi-Cal Organized Delivery System. In addition to calling your **Beneficiary Access Line 24 hours per day, 7 days per week at (800) 723-8641**, you can also call or go to any of our providers directly to ask for services.

# HOW TO GET MENTAL HEALTH SERVICES

---

## Where Can I Get Specialty Mental Health Services?

You can get specialty mental health services in the county where you live. If you would like to access specialty mental health services (SMHS), call your **Beneficiary Access Line at (800) 723-8641**, and they will help connect you with a mental health services provider. You can also learn more about the County's Mental Health Plan (MHP) by visiting [http://www.ochealthinfo.com/bhs/about/medi\\_cal](http://www.ochealthinfo.com/bhs/about/medi_cal)

Each county has specialty mental health services for children, youth, adults, and older adults. If you are under 21 years of age, you are eligible for Early and Periodic Screening, Diagnostic and Treatment, which may include additional coverage and benefits.

Your mental health plan will determine if you meet the access criteria for specialty mental health services. If you do, the mental health plan will refer you to a mental health provider who will assess you to determine what services you need. You can also request an assessment from your managed care plan if you are a beneficiary. If the managed care plan determines that you meet the access criteria for specialty mental health services, the managed care plan will help you transition to receive mental health services through the mental health plan. There is no wrong door for accessing mental health services.

## Additional County Specific Information

Your DMC-ODS provider can help you with some of your mental health needs too. If you need more intensive or specialized mental health services, your DMC-ODS provider can coordinate care for you to receive those services from a mental health provider.

With your permission, your DMC-ODS provider and your mental health provider can work together to make sure your needs for both conditions are met.

## ACCESS CRITERIA & MEDICAL NECESSITY

---

### What Are The Access Criteria For Coverage Of Substance Use Disorder Treatment Services?

As part of deciding if you need substance use disorder treatment services, the Drug Medi-Cal Organized Delivery System County will work with you and your provider to decide if you meet the access criteria to receive Drug Medi-Cal Organized Delivery System services. This section explains how your participating county will make that decision.

Your provider will work with you to conduct an assessment to determine which Drug Medi-Cal Organized Delivery System services are most appropriate for you. This assessment must be performed face-to-face, through telehealth, or by telephone. You may receive some services while the assessment is taking place. After your provider completes the assessment, they will determine if you meet the following access criteria to receive services through the Drug Medi-Cal Organized Delivery System:

- You must be enrolled in Medi-Cal.
- You must reside in a county that is participating in the Drug Medi-Cal Organized Delivery System.
- You must have at least one diagnosis from the Diagnostic and Statistical Manual of Mental Disorders for a Substance-Related and Addictive Disorder (with the exception of Tobacco-Related Disorders and Non-Substance-Related Disorders) or have had at least one diagnosis from the Diagnostic and Statistical Manual of Mental Disorders for Substance Related and Addictive disorders prior to being incarcerated or during incarceration (with the exception of Tobacco-Related Disorders and Non-Substance-Related Disorders).

Beneficiaries under the age of 21 qualify to receive all Drug Medi-Cal Organized Delivery System services when meeting the Early and Periodic Screening, Diagnostic, and Treatment medical necessity criteria irrespective of their county of residence and irrespective of the diagnosis requirement described above.

## What Is Medical Necessity?

Services you receive must be medically necessary and appropriate to address your condition. For individuals 21 years of age and older, a service is medically necessary when it is reasonable and necessary to protect your life, prevent significant illness or disability, or to alleviate severe pain. For beneficiaries under the age of 21, a service is medically necessary if the service corrects or helps substance misuse, or a substance use disorder. Services that sustain, support, improve, or make more tolerable substance misuse or a substance use disorder are considered to help the condition and are thus covered as Early and Periodic Screening, Diagnostic, and Treatment services.

## Additional County Specific Information

Only a licensed professional of the healing arts (LPHA) can establish medical necessity. This is because only a licensed professional has the education and training necessary to determine if your condition meets the criteria for a substance use disorder diagnosis and what treatments are more likely to help treat that disorder. You will meet with an LPHA at your program at some point early during your assessment and treatment process.

## SELECTING A PROVIDER

---

### How Do I Find A Provider For The Substance Use Disorder Treatment Services I Need?

The Drug Medi-Cal Organized Delivery System County may put some limits on your choice of providers. You can request that your Drug Medi-Cal Organized Delivery System County provide you with an initial choice of providers. Your Drug Medi-Cal Organized Delivery System must also allow you to change providers. If you ask to change providers, the county must allow you to choose between at least two providers to the extent possible.

Your county is required to post a current provider directory online. If you have questions about current providers or would like an updated provider directory, visit your county website <https://www.ochealthinfo.com/dmc-ods> or call the county's toll-free phone number. A current provider directory is available electronically on the county's website, or in paper form upon request.

Sometimes Drug Medi-Cal Organized Delivery System County contract providers choose to no longer provide Drug Medi-Cal Organized Delivery System services as a provider of the county, no longer contracts with the Drug Medi-Cal Organized Delivery System County, or no longer accepts Drug Medi-Cal Organized Delivery System patients on their own or at the request of the Drug Medi-Cal Organized Delivery System County. When this happens, the Drug Medi-Cal Organized Delivery System County must make a good faith effort to give written notice of termination of a county contracted provider within 15 days after receipt or issuance of the termination notice, to each person who was receiving substance use disorder treatment services from the provider.

American Indian and Alaska Native individuals who are eligible for Medi-Cal and reside in counties that have opted into the Drug Medi-Cal Organized Delivery System County,

can also receive Drug Medi-Cal Organized Delivery System County services through Indian Health Care Providers that have the necessary Drug Medi-Cal certification.

## Once I Find A Provider, Can The Drug Medi-Cal Organized Delivery System County-Tell The Provider What Services I Get?

You, your provider, and the Drug Medi-Cal Organized Delivery System County are all involved in deciding what services you need to receive through the county by following the access criteria for Drug Medi-Cal Organized Delivery System services. Sometimes the county will leave the decision to you and the provider. Other times, the Drug Medi-Cal Organized Delivery System County may require your provider to demonstrate the reasons the provider thinks you need a service before the service is provided. The Drug Medi-Cal Organized Delivery System County must use a qualified professional to do the review.

This review process is called a plan authorization process. Prior authorization for services is not required except for residential and inpatient services (excluding withdrawal management services). The Drug Medi-Cal Organized Delivery System County's authorization process must follow specific timelines. For a standard authorization, the plan must make a decision on your provider's request within 14 calendar days.

If you or your provider request, or if the Drug Medi-Cal Organized Delivery System County thinks it is in your interest to get more information from your provider, the timeline can be extended for up to another 14 calendar days. An example of when an extension might be in your interest is when the county thinks it might be able to approve your provider's request for authorization if the Drug Medi-Cal Organized Delivery System County had additional information from your provider and would have to deny the request without the information. If the Drug Medi-Cal Organized Delivery System County extends the timeline, the county will send you a written notice about the extension.

If the county doesn't make a decision within the timeline required for a standard or an expedited authorization request, the Drug Medi-Cal Organized Delivery System County must send you a Notice of Adverse Benefit Determination telling you that the services are denied and that you may file an appeal or ask for a State Hearing.

You may ask the Drug Medi-Cal Organized Delivery System County for more information about its authorization process.

If you don't agree with the Drug Medi-Cal Organized Delivery System County's decision on an authorization process, you may file an appeal with the county or ask for a State Hearing. For more information, see the Problem Resolution section.

# NOTICE OF ADVERSE BENEFIT DETERMINATION

---

## What Rights Do I Have if the Drug Medi-Cal Organized Delivery System County Denies the Services I Want or Think I Need?

If your Drug Medi-Cal Organized Delivery System County denies, limits, reduces, delays or ends services you want or believe you should get, you have the right to a Notice (called a “Notice of Adverse Benefit Determination”) from the Drug Medi-Cal Organized Delivery System County. You also have a right to disagree with the decision by asking for an appeal. The sections below discuss your right to a Notice and what to do if you disagree with your Drug Medi-Cal Organized Delivery System County’s decision.

## What Is an Adverse Benefit Determination?

An Adverse Benefit Determination is defined to mean any of the following actions taken by the Drug Medi-Cal Organized Delivery System County:

1. The denial or limited authorization of a requested service, including determinations based on the type or level of service, medical necessity, appropriateness, setting, or effectiveness of a covered benefit;
2. The reduction, suspension, or termination of a previously authorized service;
3. The denial, in whole or in part, of payment for a service;
4. The failure to provide services in a timely manner;
5. The failure to act within the required timeframes for standard resolution of grievances and appeals (If you file a grievance with the Drug Medi-Cal Organized Delivery System County and the Drug Medi-Cal Organized Delivery System County does not get back to you with a written decision on your grievance within 90 days. If you file an appeal with the Drug Medi-Cal Organized Delivery System County and the Drug Medi-Cal Organized Delivery System County does not get back to you with a written decision on your appeal within 30 days, or if you filed an expedited appeal, and did not receive a response within 72 hours.); or

6. The denial of a beneficiary's request to dispute financial liability.

## What Is a Notice of Adverse Benefit Determination?

A Notice of Adverse Benefit Determination is a letter that your Drug Medi-Cal Organized Delivery System County will send you if it makes a decision to deny, limit, reduce, delay, or end services you and your provider believe you should get. This includes a denial of payment for a service, a denial based on claiming the services are not covered, or a denial that the service is for the wrong delivery system, or a denial of a request to dispute financial liability. A Notice of Adverse Benefit Determination is also used to tell you if your grievance, appeal, or expedited appeal was not resolved in time, or if you didn't get services within the Drug Medi-Cal Organized Delivery System County's timeline standards for providing services. You have a right to receive a written Notice of Adverse Benefit Determination.

## Timing of the Notice

The Plan must mail the notice to the beneficiary at least 10 days before the date of action for termination, suspension, or reduction of a previously authorized Drug Medi-Cal Organized Delivery System County service. The plan must also mail the notice to the beneficiary within two business days of the decision for denial of payment or for decisions resulting in denial, delay, or modification of all or part of the requested Drug Medi-Cal Organized Delivery System services. If you get a Notice of Adverse Benefit Determination after you have already received the service, you do not have to pay for the service.

## Will I Always Get A Notice Of Adverse Benefit Determination When I Don't Get The Services I Want?

Yes, you should receive a Notice of Adverse Benefit Determination. However, if you do not receive a notice, you may file an appeal with the Drug Medi-Cal Organized Delivery

System County or if you have completed the appeal process, you can request a State Hearing. When you make contact with your county, indicate you experienced an adverse benefit determination but do not receive notice. Information on how to file an appeal or request a State Hearing is included in this handbook. Information should also be available in your provider's office.

## What Will The Notice Of Adverse Benefit Determination Tell Me?

The Notice of Adverse Benefit Determination will tell you:

- What your Drug Medi-Cal Organized Delivery System County did that affects you and your ability to get services.
- The effective date of the decision and the reason the plan made its decision.
- The state or federal rules the Drug Medi-Cal Organized Delivery System County was following when it made the decision.
- What your rights are if you do not agree with what the plan did.
- How to file an appeal with the plan.
- How to request a State Hearing.
- How to request an expedited appeal or an expedited State Hearing.
- How to get help filing an appeal or requesting a State Hearing.
- How long you have to file an appeal or request a State Hearing.
- Your rights to continue to receive services while you wait for an Appeal or State Hearing decision, how to request for continuation of these services, and whether the costs of these services will be covered by Medi-Cal.
- When you have to file your Appeal or State Hearing request if you want the services to continue.

## What Should I Do When I Get A Notice Of Adverse Benefit Determination?

When you get a Notice of Adverse Benefit Determination you should read all the information on the notice carefully. If you don't understand the notice, your Drug Medi-

## PROBLEM RESOLUTION PROCESSES

---

### What If I Don't Get The Services I Want From My County Drug Medi-Cal Organized Delivery System Plan?

Your Drug Medi-Cal Organized Delivery System County has a way for you to work out a problem about any issue related to the substance use disorder treatment services you are receiving. This is called the problem resolution process and it could involve the following processes.

1. **The Grievance Process** – an expression of unhappiness about anything regarding your substance use disorder treatment services, other than an Adverse Benefit Determination.
2. **The Appeal Process** – review of a decision (denial, termination, or reduction of services) that was made about your substance use disorder treatment services by the Drug Medi-Cal Organized Delivery System County or your provider.
3. **The State Hearing Process** – review to make sure you receive the substance use disorder treatment services which you are entitled to under the Medi-Cal program.

Filing a grievance or appeal or requesting a State Hearing will not count against you and will not impact the services you are receiving. When your grievance or appeal is complete, your Drug Medi-Cal Organized Delivery System County will notify you and others involved of the final outcome. When your State Hearing is complete, the State Hearing Office will notify you and the provider of the final outcome.

Learn more about each problem resolution process below.

### Can I Get Help To File An Appeal, Grievance Or State Hearing?

Call your DMC-ODS County toll-free at **855.625.4657, Monday-Friday, 8 a.m. to 6 p.m.** or visit online at <http://www.ochealthinfo.com/DMC-ODS>. The Beneficiary Access Line operates anytime (24/7) at the toll-free **Access Line at 800.723.8641**.

Your Drug Medi-Cal Organized Delivery System County will have people available to explain these processes to you and to help you report a problem either as a grievance, an appeal, or request for a State Hearing. They may also help you decide if you qualify for what's called an 'expedited' process, which means it will be reviewed more quickly because your health or stability is at risk. You may also authorize another person to act on your behalf, including your substance use disorder treatment provider or advocate. Your Drug Medi-Cal Organized Delivery System County must give you any reasonable assistance in completing forms and other procedural steps related to a grievance or appeal. This includes, but is not limited to, providing interpreter services and toll-free numbers with TTY/TDD and interpreter capability.

# THE GRIEVANCE PROCESS

---

## What Is A Grievance?

A grievance is an expression of unhappiness about anything regarding your substance use disorder treatment services that are not one of the problems covered by the appeal and State Hearing processes.

The grievance process will:

- Involve simple, and easily understood procedures that allow you to present your grievance orally or in writing.
- Not count against you or your provider in any way.
- Allow you to authorize another person to act on your behalf, including a provider or advocate. If you authorize another person to act on your behalf, the Drug Medi-Cal Organized Delivery System County might ask you to sign a form authorizing the plan to release information to that person.
- Ensure that the individuals making the decisions are qualified to do so and not involved in any previous levels of review or decision-making.
- Identify the roles and responsibilities of you, your Drug Medi-Cal Organized Delivery System County and your provider.
- Provide resolution for the grievance in the required timeframes.

## When Can I File A Grievance?

You can file a grievance with the Drug Medi-Cal Organized Delivery System County at any time if you are unhappy with the substance use disorder treatment services you are receiving from the Drug Medi-Cal Organized Delivery System County or have another concern regarding the Drug Medi-Cal Organized Delivery System County.

## How Can I File A Grievance?

Call your DMC-ODS County toll-free at **855.625.4657, Monday-Friday, 8 a.m. to 6 p.m.** of visit online at <http://www.ochealthinfo.com/DMC-ODS>. The Beneficiary Access Line operates anytime (24/7) at the toll-free **Access Line at 800.723.8641**.

You may call your Drug Medi-Cal Organized Delivery System County’s toll-free phone number to get help with a grievance. The Drug Medi-Cal Organized Delivery System County will provide self-addressed envelopes at all the providers’ sites for you to mail in your grievance. Grievances can be filed orally or in writing. Oral grievances do not have to be followed up in writing.

## How Do I Know If The County Plan Received My Grievance?

Your Drug Medi-Cal Organized Delivery System County will let you know that it received your grievance by sending you a written confirmation.

## When Will My Grievance Be Decided?

The Drug Medi-Cal Organized Delivery System County must make a decision about your grievance within 90 calendar days from the date you filed your grievance. Timeframes may be extended by up to 14 calendar days if you request an extension, or if the Drug Medi-Cal Organized Delivery System County believes that there is a need for additional information and that the delay is for your benefit. An example of when a delay might be for your benefit is when the county believes it might be able to resolve your grievance if the Drug Medi-Cal Organized Delivery System County had a little more time to get information from you or other people involved.

## How Do I Know If The Drug Medi-Cal Organized Delivery System County Has Made A Decision About My Grievance?

When a decision has been made regarding your grievance, the Drug Medi-Cal Organized Delivery System County will notify you or your representative in writing of the decision. If your Drug Medi-Cal Organized Delivery System County fails to notify you or any affected parties of the grievance decision on time, then the Drug Medi-Cal Organized Delivery System County will provide you with a Notice of Adverse Benefit Determination advising you of your right to request a State Hearing. Your Drug Medi-Cal

Organized Delivery System County is required to provide you with a Notice of Adverse Benefit Determination on the date the timeframe expires.

## Is There A Deadline To File A Grievance?

You may file a grievance at any time.

## Additional County Specific Information

All providers are expected to have self-addressed and stamped grievance forms readily available at all locations and prominently displayed so you do not need to ask for one. If you are unable to find a grievance form at your provider site and are not comfortable asking for one, contact the plan's **managed care team** for help and to report the issue. Call **Toll-Free at (866) 308-3074** or **TTD at (866) 308-3073**.

# THE APPEAL PROCESS

## (STANDARD AND EXPEDITED)

Your Drug Medi-Cal Organized Delivery System County is responsible for allowing you to challenge a decision that was made about your substance use disorder treatment services by the plan or your providers that you do not agree with. There are two ways you can request a review. One way is using the standard appeals process. The second way is by using the expedited appeals process. These two types of appeals are similar; however, there are specific requirements to qualify for an expedited appeal. The specific requirements are explained below.

### What Is a Standard Appeal?

A standard appeal is a request for review of a problem you have with the plan or your provider that involves a denial or changes to services you think you need. If you request a standard appeal, the Drug Medi-Cal Organized Delivery System County may take up to 30 calendar days to review it. If you think waiting 30 calendar days will put your health at risk, you should ask for an 'expedited appeal.'

The standard appeals process will:

- Allow you to file an appeal in person, on the phone, or in writing.
- Ensure filing an appeal will not count against you or your provider in any way.
- Allow you to authorize another person to act on your behalf, including a provider. If you authorize another person to act on your behalf, the plan might ask you to sign a form authorizing the plan to release information to that person.
- Have your benefits continued upon request for an appeal within the required timeframe, which is 10 calendar days from the date your Notice of Adverse Benefit Determination was post-marked or personally given to you. You do not have to pay for continued services while the appeal is pending. If you do request

continuation of the benefit, and the final decision of the appeal confirms the decision to reduce or discontinue the service you are receiving, you may be required to pay the cost of services furnished while the appeal was pending.

- Ensure that the individuals making the decisions are qualified to do so and not involved in any previous level of review or decision-making.
- Allow you or your representative to examine your case file, including your medical record, and any other documents or records considered during the appeal process, before and during the appeal process.
- Allow you to have a reasonable opportunity to present evidence and allegations of fact or law, in person or in writing.
- Allow you, your representative, or the legal representative of a deceased beneficiary's estate to be included as parties to the appeal.
- Let you know your appeal is being reviewed by sending you written confirmation.
- Inform you of your right to request a State Hearing, following the completion of the appeal process.

## When Can I File an Appeal?

You can file an appeal with your county Drug Medi-Cal Organized Delivery System County:

- If your county or one of the county contracted providers decides that you do not qualify to receive any Medi-Cal substance use disorder treatment services because you do not meet the medical necessity criteria.
- If your provider thinks you need a substance use disorder treatment service and asks the county for approval, but the county does not agree and denies your provider's request or changes the type or frequency of service.
- If your provider has asked the Drug Medi-Cal Organized Delivery System County for approval, but the county needs more information to make a decision and doesn't complete the approval process on time.

- If your Drug Medi-Cal Organized Delivery System County doesn't provide services to you based on the timelines the Drug Medi-Cal Organized Delivery System County has set up.
- If you don't think the Drug Medi-Cal Organized Delivery System County is providing services soon enough to meet your needs.
- If your grievance, appeal or expedited appeal wasn't resolved in time.
- If you and your provider do not agree on the substance use disorder services you need.

## How Can I File an Appeal?

You may call your Drug Medi-Cal Organized Delivery System County's toll-free phone number to get help with filing an appeal. The county will provide self-addressed envelopes at all provider sites for you to mail in your appeal. Appeals can be filed orally or in writing.

## How Do I Know If My Appeal Has Been Decided?

Your Drug Medi-Cal Organized Delivery System County plan will notify you or your representative in writing about their decision for your appeal. The notification will have the following information:

- The results of the appeal resolution process.
- The date the appeal decision was made.
- If the appeal is not resolved wholly in your favor, the notice will also contain information regarding your right to a State Hearing and the procedure for filing a State Hearing.

## Is There A Deadline To File An Appeal?

You must file an appeal within 60 calendar days of the date on the Notice of Adverse Benefit Determination. Keep in mind that you will not always get a Notice of Adverse

Benefit Determination. There are no deadlines for filing an appeal when you do not get a Notice of Adverse Benefit Determination; so, you may file this type of appeal at any time.

## When Will A Decision Be Made About My Appeal?

The Drug Medi-Cal Organized Delivery System County must decide on your appeal within 30 calendar days from when the Drug Medi-Cal Organized Delivery System County receives your request for the appeal. Timeframes may be extended by up to 14 calendar days if you request an extension, or if the Drug Medi-Cal Organized Delivery System County believes that there is a need for additional information and that the delay is for your benefit. An example of when a delay is for your benefit is when the county believes it might be able to approve your appeal if the Drug Medi-Cal Organized Delivery System County had a little more time to get information from you or your provider.

## What If I Can't Wait 30 Days For My Appeal Decision?

The appeal process may be faster if it qualifies for the expedited appeals process.

## What Is An Expedited Appeal?

An expedited appeal is a faster way to decide an appeal. The expedited appeals process follows a similar process to the standard appeals process. However,

- Your appeal must meet certain requirements.
- The expedited appeals process also follows different deadlines than the standard appeals.
- You can make a verbal request for an expedited appeal. You do not have to put your expedited appeal request in writing.

## When Can I File An Expedited Appeal?

Call your DMC-ODS County toll-free at **855.625.4657, Monday-Friday, 8 a.m. to 6 p.m.** of visit online at <http://www.ochealthinfo.com/DMC-ODS>. The Beneficiary Access Line operates anytime (24/7) at the toll-free **Access Line at 800.723.8641**.

If you think that waiting up to 30 calendar days for a standard appeal decision will jeopardize your life, health or ability to attain, maintain or regain maximum function, you may request an expedited resolution of an appeal. If the Drug Medi-Cal Organized Delivery System County agrees that your appeal meets the requirements for an expedited appeal, your county will resolve your expedited appeal within 72 hours after the Drug Medi-Cal Organized Delivery System County receives the appeal.

Timeframes may be extended by up to 14 calendar days if you request an extension, or if the Drug Medi-Cal Organized Delivery System County shows that there is a need for additional information and that the delay is in your interest. If your Drug Medi-Cal Organized Delivery System County extends the timeframes, the plan will give you a written explanation as to why the timeframes were extended.

If the Drug Medi-Cal Organized Delivery System County decides that your appeal does not qualify for an expedited appeal, the Drug Medi-Cal Organized Delivery System County must make reasonable efforts to give you prompt oral notice and will notify you in writing within 2 calendar days giving you the reason for the decision. Your appeal will then follow the standard appeal timeframes outlined earlier in this section. If you disagree with the county's decision that your appeal doesn't meet the expedited appeal criteria, you may file a grievance.

Once your Drug Medi-Cal Organized Delivery System County resolves your expedited appeal, the plan will notify you and all affected parties orally and in writing.

## THE STATE HEARING PROCESS

---

### What Is A State Hearing?

A State Hearing is an independent review conducted by the California Department of Social Services to ensure you receive the substance use disorder treatment services to which you are entitled under the Medi-Cal program. You may also visit the California Department of Social Services at <https://www.cdss.ca.gov/hearing-requests> for additional resources.

### What Are My State Hearing Rights?

You have the right to:

- Have a hearing before the California Department of Social Services (also called a State Hearing).
- Be told about how to ask for a State Hearing.
- Be told about the rules that govern representation at the State Hearing.
- Have your benefits continued upon your request during the State Hearing process if you ask for a State Hearing within the required timeframes.

### When Can I File For A State Hearing?

You can file for a State Hearing:

- If you have completed the Drug Medi-Cal Organized Delivery System County's appeal process.

- If your county or one of the county contracted providers decides that you do not qualify to receive any Medi-Cal substance use disorder treatment services because you do not meet the medical necessity criteria.
- If your provider thinks you need a substance use disorder treatment service and asks the Drug Medi-Cal Organized Delivery System County for approval, but the Drug Medi-Cal Organized Delivery System County does not agree and denies your provider’s request or changes the type or frequency of service.
- If your provider has asked the Drug Medi-Cal Organized Delivery System County for approval, but the county needs more information to make a decision and doesn’t complete the approval process on time.
- If your Drug Medi-Cal Organized Delivery System County doesn’t provide services to you based on the timelines the county has set up.
- If you don’t think the Drug Medi-Cal Organized Delivery System County is providing services soon enough to meet your needs.
- If your grievance, appeal, or expedited appeal wasn’t resolved in time.
- If you and your provider do not agree on the substance use disorder treatment services you need.
- If your grievance, appeal, or expedited appeal wasn’t resolved in time.

## How Do I Request A State Fair Hearing?

You can request a State Fair Hearing:

- Online at: <https://acms.dss.ca.gov/acms/login.request.do>
- In Writing: Submit your request to the county welfare department at the address shown on the Notice of Adverse Benefit Determination, or by fax or mail to:

California Department of Social Services State Hearings Division  
 P.O. Box 944243, Mail Station 9-17-37  
 Sacramento, CA 94244-2430

Or by Fax to **916-651-5210** or **916-651-2789**.

You can also request a State Hearing or an expedited State Hearing:

- By phone: Call the **State Hearings Division**, toll-free, at **(800) 743-8525** or **(855) 795-0634**, or call the **Public Inquiry and Response line**, toll-free, at **(800) 952-5253** or TDD at **(800) 952-8349**.

## Is There A Deadline For Filing For A State Hearing?

You only have 120 calendar days to ask for a State Hearing. The 120 days start either the day after the Drug Medi-Cal Organized Delivery System County personally gave you its appeal decision notice or the day after the postmark date of the county appeal decision notice.

If you didn't receive a Notice of Adverse Benefit Determination, you may file for a State Fair Hearing at any time.

## Can I Continue Services While I'm Waiting For A State Fair Hearing Decision?

Yes, if you are currently receiving treatment and you want to continue your treatment while you appeal, you must ask for a State Hearing within 10 days from the date the appeal decision notice was postmarked or delivered to you OR before the date your Drug Medi-Cal Organized Delivery System County says services will be stopped or reduced. When you ask for a State Hearing, you must say that you want to keep receiving your treatment. Additionally, you will not have to pay for services received while the State Hearing is pending.

If you do request continuation of the benefit, and the final decision of the State Hearing confirms the decision to reduce or discontinue the service you are receiving, you may be required to pay the cost of services furnished while the state hearing was pending.

## When Will a Decision Be Made About My State Hearing Decision?

After you ask for a State Hearing, it could take up to 90 days to decide your case and send you an answer.

## Can I get a State Hearing More Quickly?

If you think waiting that long will be harmful to your health, you might be able to get an answer within three working days. Ask your doctor or other provider to write a letter for you. You can also write a letter yourself. The letter must explain in detail how waiting for up to 90 days for your case to be decided will seriously harm your life, your health, or your ability to attain, maintain, or regain maximum function. Then, make sure you ask for an “expedited hearing” and provide the letter with your request for a hearing.

You may ask for an expedited (quicker) State Fair Hearing if you think the normal 90 calendar daytime frame will cause serious problems with your health, including problems with your ability to gain, maintain, or regain important life functions. The Department of Social Services, State Hearings Division, will review your request for an expedited State Hearing and decide if it qualifies. If your expedited hearing request is approved, a hearing will be held, and a hearing decision will be issued within 3 working days of the date your request is received by the State Hearings Division.

## Additional County Specific Information

If you need help understanding or initiating a State hearing, you can also contact the plan’s **managed care team Toll-Free at (866) 308-3074 or TTD at (866) 308-3073.**

# IMPORTANT INFORMATION ABOUT THE STATE OF CALIFORNIA MEDI-CAL PROGRAM

## Who Can Get Medi-Cal?

You may qualify for Medi-Cal if you are in one of these groups:

- 65 years old, or older
- Under 21 years of age
- An adult, between 21 and 65 based on income eligibility
- Blind or disabled
- Pregnant
- Certain refugees, or Cuban/Haitian immigrants
- Receiving care in a nursing home
- Individuals under the age of 26, or over the age of 50 regardless of immigration status

You must be living in California to qualify for Medi-Cal. Call or visit your local county social services office to ask for a Medi-Cal application, or get one on the Internet at <https://www.dhcs.ca.gov/services/medi-cal/Pages/ApplyforMedi-Cal.aspx>.

## Do I Have To Pay For Medi-Cal?

You may have to pay for Medi-Cal depending on the amount of money you get or earn each month.

- If your income is less than Medi-Cal limits for your family size, you will not have to pay for Medi-Cal services.
- If your income is more than Medi-Cal limits for your family size, you will have to pay some money for your medical or substance use disorder treatment services. The amount that you pay is called your 'share of cost.' Once you have paid your

'share of cost,' Medi-Cal will pay the rest of your covered medical bills for that month. In the months that you don't have medical expenses, you don't have to pay anything.

- You may have to pay a 'co-payment' for any treatment under Medi-Cal. This means you pay an out of pocket amount each time you get a medical or substance use disorder treatment service or a prescribed drug (medicine) and a co-payment if you go to a hospital emergency room for your regular services.

Your provider will tell you if you need to make a co-payment.

## Is Transportation Available?

If you have trouble getting to your medical appointments or drug and alcohol treatment appointments, the Medi-Cal program can help you find transportation.

Non-emergency transportation and non-medical transportation may be provided for Medi-Cal beneficiaries who are unable to provide transportation on their own and who have a medical necessity to receive certain Medi-Cal covered services. If you need assistance with transportation, contact your managed care plan for information and assistance.

If you have Medi-Cal but are not enrolled in a managed care plan and you need non-medical transportation, you can contact your Drug Medi-Cal Organized Delivery System County for assistance. When you contact the transportation company, they will ask for information about your appointment date and time. If you need non-emergency medical transportation, your provider can prescribe non-emergency medical transportation and put you in touch with a transportation provider to coordinate your ride to and from your appointment(s).

## Additional County Specific Information

In Orange County, your program provider can assist you in obtaining information about how to schedule transportation to your appointments, or you may call **CalOptima Customer Service at (714) 246-8500 or (888) 587-8088 or TTY at (800) 735-2929** to request a ride. You must call personally and will need your member information when you call.

# ADVANCE DIRECTIVE

---

## What is an Advance Directive?

You have the right to have an advance directive. An advance directive is written instruction about your health care that is recognized under California law. It includes information that states how you would like health care provided or says what decisions you would like to be made, if or when you are unable to speak for yourself. You may sometimes hear an advance directive described as a living will or durable power of attorney.

California law defines an advance directive as either an oral or written individual health care instruction or a power of attorney (a written document giving someone permission to make decisions for you). All Drug Medi-Cal Organized Delivery System counties are required to have advance directive policies in place. Your Drug Medi-Cal Organized Delivery System County is required to provide written information on the Drug Medi-Cal Organized Delivery System County's advance directive policies and an explanation of state law, if asked for the information. If you would like to request the information, you should call your Drug Medi-Cal Organized Delivery System County for more information.

An advance directive is designed to allow people to have control over their own treatment, especially when they are unable to provide instructions about their own care. It is a legal document that allows people to say, in advance, what their wishes would be, if they become unable to make health care decisions. This may include such things as the right to accept or refuse medical treatment, surgery, or make other health care choices. In California, an advance directive consists of two parts:

- Your appointment of an agent (a person) making decisions about your health care; and
- Your individual health care instructions

You may get a form for an advance directive from your Drug Medi-Cal Organized Delivery System County or online. In California, you have the right to provide advance directive instructions to all of your health care providers. You also have the right to change or cancel your advance directive at any time.

If you have a question about California law regarding advance directive requirements, you may send a letter to:

California Department of Justice  
Attn: Public Inquiry Unit,  
P. O. Box 944255  
Sacramento, CA 94244-2550

## Additional County Specific Information

When you first enroll into a program, you will be asked if you have an Advance Directive. If you do, you may choose to bring a copy of it so it can be filed with your medical record. You are not required to have or submit an Advance Directive as a condition of your care. Your provider will make information about this process available to you early during the intake and assessment process. You can access the plan's policy on Advance Directives by visiting the plan's policies and procedures webpage at <https://ochealthinfo.com/bhs/png> .

## BENEFICIARY RIGHTS AND RESPONSIBILITIES

### What Are My Rights As A Recipient Of Drug Medi-Cal Organized Delivery System Services?

As a person eligible for Medi-Cal and residing in a Drug Medi-Cal Organized Delivery System County, you have a right to receive medically necessary substance use disorder treatment services from the Drug Medi-Cal Organized Delivery System County. You have the right to:

- Be treated with respect, giving due consideration to your right to privacy and the need to maintain the confidentiality of your medical information.
- Receive information on available treatment options and alternatives, presented in a manner appropriate to the Beneficiary's condition and ability to understand.
- Participate in decisions regarding your substance use disorder care, including the right to refuse treatment.
- Receive timely access to care, including services available 24 hours a day, 7 days a week, when medically necessary to treat an emergency condition or an urgent or crisis condition.
- Receive the information in this handbook about the substance use disorder treatment services covered by the Drug Medi-Cal Organized Delivery System County, other obligations of the Drug Medi-Cal Organized Delivery System County, and your rights as described here.
- Have your confidential health information protected.
- Request and receive a copy of your medical records, and request that they be amended or corrected as needed.
- Receive written materials in alternative formats (including Braille, large-size print, and audio format) upon request and in a timely fashion appropriate for the format being requested.

- Receive written materials in the languages used by at least five percent or 3,000 of your Drug Medi-Cal Organized Delivery System County’s beneficiaries, whichever is less.
- Receive oral interpretation services for your preferred language.
- Receive substance use disorder treatment services from a Drug Medi-Cal Organized Delivery System County that follows the requirements of its contract with the State in the areas of availability of services, assurances of adequate capacity and services, coordination and continuity of care, and coverage and authorization of services.
- Access Minor Consent Services, if you are a minor.
- Access medically necessary services out-of-network in a timely manner, if the plan doesn’t have an employee or contract provider who can deliver the services. “Out-of-network provider” means a provider who is not on the Drug Medi-Cal Organized Delivery System County’s list of providers. The county must make sure you don’t pay anything extra for seeing an out-of-network provider. You can contact **beneficiary services at (855) 625-4657 or the Beneficiary Access Line at (800) 723-8641** for information on how to receive services from an out-of-network provider.
- Request a second opinion from a qualified health care professional within the county network, or one outside the network, at no additional cost to you.
- File grievances, either verbally or in writing, about the organization or the care received.
- Request an appeal, either verbally or in writing, upon receipt of a notice of Adverse Benefit Determination, including information on the circumstances under which an expedited appeal is possible.
- Request a State Medi-Cal fair hearing, including information on the circumstances under which an expedited State Hearing is possible.
- Be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience, or retaliation.

- Be free from discrimination to exercise these rights without adversely affecting how you are treated by the Drug Medi-Cal Organized Delivery System County, providers, or the State.

## What Are My Responsibilities As A Recipient Of Drug Medi-Cal Organized Delivery System Services?

As a recipient of Drug Medi-Cal Organized Delivery System services, it is your responsibility to:

- Carefully read the beneficiary informing materials that you have received from the Drug Medi-Cal Organized Delivery System County. These materials will help you understand which services are available and how to get treatment if you need it.
- Attend your treatment as scheduled. You will have the best result if you collaborate with your provider throughout your treatment. If you do need to miss an appointment, call your provider at least 24 hours in advance and reschedule for another day and time.
- Always carry your Medi-Cal (Drug Medi-Cal Organized Delivery System County) ID card and a photo ID when you attend treatment.
- Let your provider know if you need an interpreter before your appointment.
- Tell your provider all your medical concerns. The more complete information that you share about your needs, the more successful your treatment will be.
- Make sure to ask your provider any questions that you have. It is very important you completely understand the information that you receive during treatment.
- Be willing to build a strong working relationship with the provider that is treating you.
- Contact the Drug Medi-Cal Organized Delivery System County if you have any questions about your services or if you have any problems with your provider that you are unable to resolve.
- Tell your provider and the Drug Medi-Cal Organized Delivery System County if you have any changes to your personal information. This includes address,

phone number, and any other medical information that can affect your ability to participate in treatment.

- Treat the staff who provide your treatment with respect and courtesy.
- If you suspect fraud or wrongdoing, report it:
  - The Department of Health Care Services asks that anyone suspecting Medi-Cal fraud, waste, or abuse to call the **DHCS Medi-Cal Fraud Hotline at (800) 822-6222**. If you feel this is an emergency, please call **911** for immediate assistance. The call is free, and the caller may remain anonymous.
  - You may also report suspected fraud or abuse by e-mail to [fraud@dhcs.ca.gov](mailto:fraud@dhcs.ca.gov) or use the online form at <http://www.dhcs.ca.gov/individuals/Pages/StopMedi-CalFraud.aspx>.

## Additional County Specific Information

If you suspect fraud or wrongdoing, report it. You can reach the **Orange County Fraud Hotline 24 hours a day, 7 days per week at (866) 260-5636 or (714)-568-5614 during business hours**. Calls to these numbers can be made anonymous.

## TRANSITION OF CARE REQUEST

---

### When can I request to keep my previous and current out-of-network provider?

- After joining the Drug Medi-Cal Organized Delivery System County, you may request to keep your out-of-network provider if:
  - Moving to a new provider would result in a serious detriment to your health or would increase your risk of hospitalization or institutionalization; and
  - You were receiving treatment from the out-of-network provider prior to the date of your transition to the Drug Medi-Cal Organized Delivery System County.

### How do I request to keep my out-of-network provider?

- You, your authorized representatives, or your current provider, may submit a request in writing to the Drug Medi-Cal Organized Delivery System County. You can also contact **beneficiary services at the Toll-Free phone number (855) 625-4657** for information on how to request services from an out-of-network provider.
- The Drug Medi-Cal Organized Delivery System County will send written acknowledgment of receipt of your request and begin to process your request within three (3) working days.

### What if I continued to see my out-of-network provider after transitioning to the Drug Medi-Cal Organized Delivery System County?

- You may request a retroactive transition of care request within thirty (30) calendar days of receiving services from an out-of-network provider.

## Why would the Drug Medi-Cal Organized Delivery System County deny my transition of care request?

- The Drug Medi-Cal Organized Delivery System County may deny your request to retain your previous, and now out-of-network, provider, if:
  - The Drug Medi-Cal Organized Delivery System County has documented quality of care issues with the provider.

## What happens if my transition of care request is denied?

- If the Drug Medi-Cal Organized Delivery System County denies your transition of care, it will:
  - Notify you in writing;
  - Offer you at least one in-network alternative provider that offers the same level of services as the out-of-network provider; and
  - Inform you of your right to file a grievance if you disagree with the denial.
- If the Drug Medi-Cal Organized Delivery System County offers you multiple in-network provider alternatives and you do not make a choice, then the Drug Medi-Cal Organized Delivery System County will refer or assign you to an in-network provider and notify you of that referral or assignment in writing.

## What happens if my transition of care request is approved?

- Within seven (7) days of approving your transition of care request the Drug Medi-Cal Organized Delivery System County will provide you with:
  - The request approval;
  - The duration of the transition of care arrangement;
  - The process that will occur to transition your care at the end of the continuity of care period; and
  - Your right to choose a different provider from the Drug Medi-Cal Organized Delivery System County's provider network at anytime.

## How quickly will my transition of care request be processed?

- The Drug Medi-Cal Organized Delivery System County will complete its review of your transition of care request within thirty (30) calendar days from the date the Drug Medi-Cal Organized Delivery System County received your request.

## What happens at the end of my transition of care period?

- The Drug Medi-Cal Organized Delivery System County will notify you in writing thirty (30) calendar days before the end of the transition of care period about the process that will occur to transition your care to an in-network provider at the end of your transition of care period.

## Additional County Specific Information

In order to be eligible for a transition or continuity of care request multiple criteria must be met, including a documented pre-existing relationship between the beneficiary and the individual provider. The beneficiary has received SUD treatment from an individual out-of-network provider at least once during the 12 months prior to their initial enrollment in Orange DMC-ODS. The provider is eligible under the DMC-ODS State Plan and State law. The provider agrees, in writing to be subject to the same contractual terms and conditions that are imposed upon currently contracting network providers and to comply with State requirements for DMC-ODS, including documentation requirements. The provider supplies Orange DMC-ODS with all relevant treatment information, for the purpose of determining medical necessity. The provider is willing to accept the higher of either Orange DMC-ODS's provider contract rates for existing network providers or Medi-Cal fee for service rates. Orange DMC-ODS has not documented disqualifying quality of care issues to the extent that the provider would not be eligible to provide services to any other beneficiaries of the DMC-ODS.

For transition/continuity of care request contact the plan's **SUD utilization management team at (714) 834-5601.**

# PROVIDER DIRECTORY

---

You can access the provider directory online at [www.ohealthcareagency.com/mhp-dmccods](http://www.ohealthcareagency.com/mhp-dmccods) . You can also call **Member services at (855) 625-4657** for a complete list of providers including the providers' city, program name, program address, program phone number, program website, levels of care offered, languages spoken, whether the provider completed cultural competency training, ADA compliance/Accessible to Persons With Disabilities, whether the provider is accepting new patients and whether previous authorization for services is required.

You may obtain a printed list of providers at any program provider or by requesting that one be mailed to you from Member Services.
