

## Are you looking for car seat safety resources?

If you answered **YES**, this guide is for you!

There are many organizations throughout Orange County that provide car seat safety resources and services. The tables on the following pages include what each organization offers. Information on this page has a brief description of each type of service or resource you will see in this guide.

# OC Child Passenger Safety Resource Guide

**Where can I get a free car seat?** Many organizations provide car seats, some free of charge, to families who need a little extra help. Contact the organizations listed to see if you qualify. Supplies are limited. The types of car seats that each organization offers are shown in this guide. A virtual or in-person class on installing your new seat will be offered.

**Where can I have my car seat checked?** Are you wondering if your car seat is installed in your car correctly? Is your child fitting correctly in his/her seat? Many organizations have trained experts called *Child Passenger Safety (CPS) Technicians*, who can help, either virtually or in-person. You will feel confident installing your seat yourself and making sure your child fits correctly in that seat. Call to make an appointment today!

**Who can I go to with questions?** *CPS Technicians* have been trained and nationally certified on the topic of car seat safety. They can spot problems and know specific details about seats and cars on the market. They can also ensure that a child is in the correct seat for their age, height, and weight. Contact a *CPS Technician* with questions you might have about car seat safety.

**Where can I take a class?** Classes are offered throughout the county, either virtually or in-person. Contact the organization for times and locations.

**What is Kaitlyn's Law?** Did you know that it is illegal to leave an unsupervised child, age six or younger, inside a car if: the engine is running, the keys are in the ignition or the child's health, or safety is at risk? A person who is 12 or older may supervise. Many organizations provide information about this important law and safety risk.

**Where can I find a Violator Class?** Did you receive a traffic ticket related to car seats or leaving a child alone in a car? Did a judge direct you to take a car seat safety class? There are organizations in this guide that teach these classes. Your fine may be waived or reduced. In addition, you will learn valuable information about keeping your child safe in your car.
