

# Host Your Own LUH Event

Light Up Hope OC is designed to raise awareness for suicide prevention during the month of September. Locations throughout Orange County will be lit up in teal and purple, and you can do your part by lighting up your own home or business in teal and purple.

Before putting up your orange Halloween lights, or the red and green lights for Christmas, take time and light up teal and purple this month to honor suicide prevention awareness month.

**WHAT:** Light Up Hope at your home in teal and purple to acknowledge suicide prevention awareness month.

**WHO:** All OC Residents

**WHERE:** Throughout Orange County

**WHEN:** Sept. 7 – 13, 2025

**TIME:** Nighttime Hours

**WHY:** Suicide is preventable. It is critical we know the signs, find the words to communicate and reach out to offer help and hope. We must shine a light on this preventable tragedy that crosses all demographic lines. By lighting our homes and businesses, we hope people recognize the importance of the issue and reach out to those in need.
