APPLICANT/OPERATOR:	CR&R, Incorporated.
FACILITY CONTACT:	John McNamara phone: (714) 372 - 8281 Email: JMcNamara@crrmail.com

Description of Project

On April 28, 2026, the Orange County Environmental Health, Solid Waste Program – Local Enforcement Agency (LEA) received an application package for a revised Solid Waste Facility Permit (SWFP) for the City of Newport Beach Transfer Station located at the City of Newport Beach Municipal Operations Yard. The City of Newport Beach is in the process of building and infrastructure improvements at the Municipal Operations Yard. The proposed improvements include the addition of a new tipping pad area to be used for recyclables, a new truck scale, and new load-out ports. This would increase the transfer station operation area from the current size of less than one acre, to approximately 1.5 acres. The LEA finds the application package to be consistent with the facility's California Environmental Quality Act (CEQA) document and state minimum standards; therefore, the LEA accepted the package as complete and correct for a revised SWFP on May 26, 2026.

Purpose of the Meeting

This informational meeting is to inform the public about the revised SWFP for this facility and to allow the public to provide comments, if any, to the LEA regarding the proposed permit action. After the meeting, a draft SWFP along with the application package and comments from this meeting will be submitted to the California Department of Resources Recycling and Recovery (CalRecycle) for an additional public meeting and their concurrence. Information about CalRecycle's public meetings can be found on their website at <https://www.calrecycle.ca.gov/PublicMeeting/>.

Availability of Additional Information

A copy of the application package is available for public review by appointment at the Environmental Health - LEA office located at 1241 East Dyer Road, Suite 120, Santa Ana, CA 92705. Please call (714) 433-6000 or email at ehhealth@ochca.com to make an appointment. A PowerPoint presentation regarding this permit will be made available on the LEA website: <https://www.ochca.com/eh/more/sm/sw> before the date of meeting.

Options for Submitting Comments and LEA Contact Information

If you have any questions after reviewing the above information or would like to comment on the proposed permit action, you may do so at the meeting or send your written comments via email to Solid Waste Program – LEA contact, Dan Weerasekera, dweerasekera@ochca.com or (714) 433-6255 by July 15, 2026.

Appeals Process Information

For information on the appeals process pursuant to Public Resource Code § 44307, after the decision to issue or deny the permit has occurred, you may contact Lauren Robinson of the Solid Waste Program – LEA at LRobinson@ochca.com.
